WASHINGTON, D. C. Library of Congress.

OVER 100 PERSONS ARE DEAD AND PROPERTY DAMAGE OF $30,000,000 ALONG STORM-SWEPT TEXAS COAST

Loss of Life Heaviest at Virginia Point, Where List of Dead is 30.

LOSS ESTIMATES VAGUE

Galveston Suffers Most Severely, With Damage Figures Put at $15,000,000.

Large Part Central Texas Cotton Crop Ruined.

With large sections of the storm swept Texas coast unheard from, the death list from the tropical hurricane has reached more than 100. The heaviest loss of life was at Virginia Point, opposite Galveston. Total property damage may exceed $30,000,000.

According to information available late last night, the deaths were recorded as follows:

Virginia Point, 30; Texas City, 18; Galveston, 14; Morgan's Point, 11; Hitchcock, 7; Laporte, 7; Port Arthur, 4; Lynchburg, 3; Sylvan Beach, 3; Seabrook, 3; Houston, 2.

Property loss estimates, vague, except in a few instances, were as follows:

Galveston, $15,000,000 or more; Houston, $2,000,000; Texas City, $400,000; Port Arthur, $200,000; Seabrook, $100,000; Sabine, $100,000; Sabine Pass, $100,000; Kemah, $50,000.

In addition, there was an enormous loss to coton-growers in the storm belt, some estimates stating that 25 per cent. of the crop of Central Texas was destroyed and placing the loss at "millions of dollars."

The oil fields also suffered severely.

Drinking Water Scarce.

The most pressing need of Galveston, Texas City and other coast towns, which faced the full sweep of the wind, is drinking water. Galveston's supply was brought from several miles inland and the mains were broken by the waves and storm tossed vessels.

Four United States soldiers were drowned in Galveston and ten were lost at Texas City. The Fort Crockett and Texas City camp were wiped out and the army transports McClellan and Poe damaged.

News of the day and early night was not entirely re-assuring to marine interests. The steamer Arapahoe, from Galveston, weathered the blow and arrived safely at Key West and a derelict schooner, the M. A. Achorn, whose crew had been rescued by steamers, was towed into the same port. There was no word, however, of the United Fruit liner Marowijne, which left Belize, Honduras, Friday and was due in New Orleans Monday afternoon.

AS REPORTED AT DALLAS.

First Definite News There Indicates Tremendous Loss.

Dallas, Texas, August 18. — Galveston has emerged from one of the most severe storms in the annals of the Gulf of Mexico, battered and sorely burdened with financial loss.

First definite news received from the island city since the tropical hurricane set the death list at fourteen. An accurate estimate of the property damage was not yet possible, but it is expected to reach the proportions of the storm of 1900, when property valued at $15,000,000 was swept away. A thousand feet of the sea wall was swept away, the causeway, which connects Galveston with the mainland, was cut in two, and the city is strewn with the debris of 500 buildings, crushed by the assaults of wind and the tidal waves.

Three fires also did great damage, and the city is without an adequate supply of drinking water, the mains leading to the city's supply wells at Alto Loma, 18 miles away, having been broken.

The loss to the city's port facilities has been enormous, and all kinds of craft have suffered. The United States transport McClellan is high aground in Pelican Island, just across the ship channel. Many vessels have capsized, and several are reported as destroyed.

The city was placed under martial law.

In bearing the brunt of the storm, Galveston Island and Bolivar peninsula served as barriers to break the force of the hurricane against the little bay shore towns to the north.

Bay Towns Suffer Heavily.

The bay towns suffered heavily, how-

TEXAS CITY CAMP IS WASHED AWAY

City Covered in Three to Five Feet of Water.

COMMUNICATION CUT

Wireless Dispatch to Washington Says Troopers Searching for Dead Bodies and Caring for Injured—Wreckage High.

Washington, Aug. 18.—War Department dispatches sent from Texas City to Houston by wireless this morning said the Texas City army camp had been destroyed by tidal wave and high tide which covered the city with three to five feet of water. Troopers were searching for dead and caring for injured. The storm still raged this morning.

The latest dispatch sent from Texas City today by Major General Bell said:

"Violent wind and rain, greatly increased after filing my first message this evening, reaching culmination about midnight. Tidal waves and flood water combined, rose to an average height of three to five feet throughout Texas City and the surrounding country. All camps are a total loss, including wood structures. Not a vestige is left.

"Property of every description is scattered throughout the city. Floating wreckage is piled upon the streets. Violence of the wind was such that many craft of considerable size were blown and floated into the city near the bay shore.

"The command was scattered seeking shelter during the night. The storm still is too violent to accomplish much this morning, except the rescue of women and children and search for dead and injured. Temporary hospital was established in the Southern hotel yesterday. Most of the dead and injured were discovered and cared for last night.

"Most substantial business houses and residences stood, but some were unroofed. Considerable number of small frame buildings were blown down and floated into streets. Some were blown off foundations. All temporary wooden buildings were wrecked.

"Roads generally are impassable, all railroads, telephone and telegraph lines temporarily are out of commission. No communication with outside. Nothing can be heard from Galveston. Number of people are homeless and without food but the visible supply probably will last until it can be replenished from Houston. Am furnishing food and succor to needy regardless of their status. There is no immediate need of outside assistance."

NAMES OF DEAD TROOPERS.

The Ten Dead at Texas City Reported to the War Department.

Washington, Aug. 18.—The names of ten troopers killed in the storm at Texas City, were reported to the War Department today as follows:

Private John J. Murphy, Massachusetts; Private Charles E. Miller, New York; Private Joseph P. Shankell, Baltimore; Private Haiman Samet, New York; Private Paul A. Seuran, Texas; Corporal William H. Moore, nearest in kin, mother, Mrs. Annie Moore, Greensboro, Ga.; Private Albert Mitchell, nearest in kin, father, Stephen Mitchell, Valdosta, Ga.; Private Thomas A. Watson, nearest in kin, father, T. A. Watson, Carthage, N. C.; Private Henry J. Rivage, New York; Cook Bader, quartermaster corps. (The adjutant general's record shows no soldiers of that name at Texas City.)

FUNSTON SENDS MESSAGE

Tells War Department of Storm Conditions at Galveston.

Washington, Aug. 18.—Major General Funston told of storm conditions in Galveston in a dispatch from his headquarters there received tonight at the War Department. The message was sent from Galveston by wireless. It said:

"Water system, lighting system, gas and street car systems out of commission and no drinking water in the city except in cisterns. Fifth brigade camps completely wiped out. No loss of life reported. Depot demolished. Two employes reported missing. All animals except two drowned or missing.

"All quantities subsistence stores destroyed and am trying to wire St. Louis, New York and Kansas City for supplies.

"Galveston under martial law and I am co-operating with Mayor and citizens' committees.

"Three hundred feet causeway destroyed and no communication with mainland either by rail or water.

"Ample tampage on hand for troops. Sufficient subsistence supplies on hand for troops except fresh vegetables and hard bread until communication is established.

"All officers, classified employes, enlisted men and families safe."

, W. Va., Aug. 18.—The ice Commission today is- ler permitting all express West Virginia to file new oviding for an increase m 1 to 5 cents on sm the first class and 75 t increase on second cl and including 99 pound

ALLIES WOULD BUY ALL EXPORT COTTON

Also Vast Quantities of Grain and Meat Products.

THROUGH MORGAN FIRM

Billion Dollar Loan Would Be Handled to Take Over Products for Sale Abroad—Great Britain Sole Exporter.

(Special Star Telegram.)

Washington, D. C., Aug. 18.—Some details were made known here tonight in a semi-official quarter of an ambitious plan whereby Great Britain and France hope to settle all commercial differences with the United States growing out of the British long distance blockade of the ports of neutral European nations.

The scheme is an enlargement of a proposal advanced informally recently by Great Britain to purchase the export cotton crop of this country and thereby stop the controversy between the two governments over neutral rights.

This time, however, the scheme has been expanded to include vast quantities of wheat, corn and packing house products as well as the entire export cotton crop of this season.

In order to make such a scheme possible, the plan is said to be to float in the United States loans aggregating one billion dollars through the agency of J. P. Morgan & Co., of New York. Arrangements for floating these loans are now being worked out by the Morgan company, according to the story.

If the plan should go through, which is very doubtful, it contemplates storing large quantities of cotton and other products owned by the Allies, to be called for as needed.

Great Britain would undertake to re-export various products to European neutrals, thus practically shutting the United States out of its principal export business to such countries, the rules of international law to t he contrary notwithstanding.

PROCLAMATION DECLARING COTTON CONTRABAND TODAY

Is Expected to Be Issued by Both Great Britain and France.

London, Aug. 18.—The proclamation declaring cotton to be contraband of war, is expected to be issued tomorrow at the latest by both Great Britain and France.

Paris, Aug. 18.—The Temps today examines at length the considerations which would support a declaration by Great Britain and France, making cotton contraband, and says such a decision would tend to limit the number of controversies, the more so since it involves arrangements destined to spare American cotton growers losses of a nature to justify protests.

PARDONS GRANTED TO THREE ROAD CONVICTS

Three Counties Contesting Southern Power Co. Tax.

Corporation Commission Hears Attorneys From Catawba, Iredell and Alexander—Jewish Synagogue Secures Rabbi.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 18.—Pardons for three convicts now serving terms on county roads were issued today from the office of Governor Craig, Hugh Jenkins and Houston Williams, of Gaston county, are pardoned from the remainder of terms of respectively four and two years for larceny. Jenkins is 18 and Williams is 20 years old and they have served one year each. Williams has developed a serious affliction. Judge Shaw and Solicitor Wilson recommend the pardon.

In the case of Minnie Davis, Bertie county, serving six months for vagrancy and violation of chapter 1012, Laws of 1907, the pardon is granted over the protest of many citizens of the county who feel that her conduct was for a great while most reprehensible. However, the Governor states that he does not feel justified in continuing the imprisonment of the woman since she has an infant only a few months old that should not not be allowed to remain in the jail especially during the hot summer months in order that the mother may be punished. Judge Ferguson, who tried the

roves the action of the Gov- issuing the pardon.

's of the Jewish Synagogue much gratified over their hav- ed Rabbi Louis Brav, of Penn-

(Continued on Page Eight.)

WILL INVESTIGATE FRANK'S LYNCHING

Governor Harris to Confer With Prison Commission.

WILL OFFER REWARDS

Those Connected With Prison Probably Will Not be Investigated—"Statements" Reciting Details of Lynching.

Atlanta, Aug. 18.—Plans for investigating the abduction and lynching of Leo M. Frank went forward steadily today. Governor Harris announced a thorough inquiry would be made and that rewards would be offered for the arrest and conviction of the men who took Frank from the state prison at Milledgeville and hanged him near Marietta.

"I am inexpressibly shocked," said the governor. "This affair has placed a blot upon the fair name of our state that can never be wiped out. The lynching will be probed to the bottom, and every effort within my power will be made to bring the guilty members of the mob to justice. At the proper time I will offer rewards for the arrest and conviction of the men and I will urge the judge, the solicitor and the sheriff to make diligent efforts to apprehend them."

Governor to Confer.

Governor Harris will have a conference with the state prison commission tomorrow morning. The three commissioners all were in Warden Smith's home the night Frank was taken away. It is not unusual for them to be there on Monday, as they make weekly inspections of the prison.

The governor hopes to obtain information from the commissioners and possibly some of the prison officials who were overpowered that will lead to identification of some of the men. Nothing was done at Marietta today in the way of an investigation. The coroner's jury, which held a brief session yesterday, adjourned until next Tuesday.

That the prison commission would not make an independent inquiry was further indicated today when another member, E. K. Raney, stated that he did not think any one connected with the prison was to blame. The prison commission has absolute powers in handling prison affairs, and in the conference tomorrow the commissioners will act only in an advisory capacity.

Stories represented as coming indirectly from "men who knew" and reciting details of the actual lynching, increased in number today. All except one of these "statements" said Frank maintained his innocence of the murder of Mary Phagan. It was the similarity of the "statements" that began today to gain for them some serious attention. Each one of these stories indicated that Frank was not harmed on the trip from Milledgeville to the lynching scene, but that he met death in full realization of the fate that awaited him.

After these stories had caused comment another was circulated saying that Frank's last words conveyed an evasive answer to a question as to his guilt.

Postcards Excluded from Mails.

Local postal authorities today excluded from the mails postcard photographs of Frank's body before it was cut down. Photographers and others did a large business selling them in Marietta and Atlanta yesterday and last night. Acting Mayor Ragsdale received several protests against their

(Continued on Page Six)

AMERICAN UNIVERSITIES MUST BECOME CENTERS

Of Intellectual Life of the Next Generation

That it is Made Necessary by European war is Brought Out in Speech Before Convention of National Education Association.

Oakland, Cal., Aug. 18.—Social unrest, arraignment of rural schools, discussion of teaching methods and organization politics were matters considered today by the fifty-third annual convention of the National Education Association.

Dr. David B. Johnson, president of the Winthrop Normal and Industrial College, Rock Hill, S. C., and Miss Grace C. Strachan, district superintendent of schools, Brooklyn, N. Y. continued the leading candidates for president. It was predicted Dr. Johnson would be nominated and that Miss Strachan would carry her fight for the honor to the floor of the convention.

Frederick W. Roman, of Syracuse university, declared in an address that the need of today is "vocational schools able to take due cognizance of the industrial strife being waged so bitterly between those that have and those who have not."

Frank Strong, of the University of Kansas, told the departmental congress on education investigations that American universities must become the centers of intellectual life of the next generation as a result of the European war. He declared the world looks to America to make good the "inevitable let down in the tremendous intellectual development in science for which in the past 50 years Germany has been largely responsible" and to take up the burdens which the French and English schools have been obliged to a considerable degree, to lay down.

SLATON CONDEMNS WOODWARD'S TALK

Terms Mayor "Old and Garrulous" in Statement

NOT AFRAID TO RETURN

E-Governor Says Such Utterances as Mayor Woodward's Made Before Lynching Resulted in Subsequent Lawlessness.

San Francisco, Aug. 18.—Former Governor John M. Slaton, of Georgia, who commuted the death sentence of Leo M. Frank to one of life imprisonment, today issued a statement condemning an address delivered last night by Mayor J. G. Woodward, of Atlanta, and terming the mayor "old and garrulous." He called the Frank case a "football of politics."

Commenting on Mr. Woodward's declaration that three-fourths of the people of Georgia, including himself, believed Frank guilty and condoned the lynching, Mr. Slaton said:

"Similar utterances, made before the lynching, naturally resulted in subsequent lawlessness. In one breath he proposes to defend the fair name of Atlanta and Georgia and in the next breath he casts on them the most terrible condemnation.

"Mayor Woodward suggested I could not with safety return to Georgia within a year. Such a statement is not only a gross reflection on the state but is absurd and ridiculous. It is in accordance with utterances of others who try to utilize the Frank case for political preferment.

"I was born in Georgia and I love her and her reputation. I shall return there in accordance with my original intentions.

"I think Mayor Woodward's statement is an affront to the people of Georgia instead of a defense. He is old and garrulous."

Part of Woodward's Address.

Mayor Woodward, in his address had declared Frank suffered the just penalty for an "unspeakable crime."

"People throughout the United States have obtained their ideas of the Frank case from a poisoned and subsidized press and press reports," he said. "Common decency prevents me from telling you the revolting truths of the murder of Mary Phagan. I wish you all knew the truths as I know them. I know them, for I have been with this case ever since it started and I have read every line of evidence that was introduced.

"While we people of Georgia deplore this deed of Monday night, we know what is behind the feeling that promoted it and I want it understood that it is simply emphasizing the fact that when it comes to a woman's honor there is no limit we will not go to to avenge and to protect.

"There were only two people implicated in the death of Mary Phagan. I know the negro did not commit the deed and am positive that 75 per cent of the people of Georgia are convinced that the man lynched Monday night committed the deed, and they are on the ground and ought to know.

"As mayor of Atlanta, I have received tons and tons of letters and petitions and requests asking that something be done for Frank, and they have all gone into the waste basket, for, like all Georgia people who are in a position to get at the truth, I know the facts.

"I know Jack Slaton, have known him for thirty years, ever since he was a young man. I have been friends with him, and while I hate to say it, I would not advise him to return to Georgia for a year—if ever."

VILLA FORWARDS HIS REPLY TO WASHINGTON

Will be Presented to Secretary Lansing Today.

It is Understood That He Accepts Offer of the Pan-American Conferees—General Cantu's Reply Also Has Been Received.

Washington, August 18. — Villa's reply to the Pan-American appeal for a peace conference among the Mexicon factions was received today by the Villa agent here, Enrique C. Llorente, and will be presented to Secretary Lansing tomorrow. It has not been made public but is understood to accept the offer of the conferees to aid in restoring government in Mexico.

General Cantu, Villa governor of Lower California, also replied to the appeal today.

It was said his response was favorable and in line with that of Villa himself.

Carranza's reply has not been received, but it is known to be in course of preparation. That he will endeavor to convince the Pan-American conferees that recognition of his government is the only way to establish peace, is generally understood here.

Sir Cecil Spring-Rice, the British ambassador, talked over the Mexican situation with Secretary Lansing today.

Great Britain is concerned over the large English holdings in Mexico, and is anxious to support a plan for peace.

The battleships Louisiana and New Hampshire arrived at Vera Cruz today, after a rough passage across the Gulf.

GERMANS TAKE KOVNO AND OPEN THE ROAD TO PETROGRAD RAILWAY

COAST LINE BUYS 750 FREIGHT CARS

Ten Locomotives Also Included in Order for Equipment.

FOR EARLY DELIVERY

President Kenly Not Disposed to be Pessimistic Over Business Outlook—Believes Cotton Will Bring Fair Price.

President John R. Kenly, of the Atlantic Coast Line Railroad Company, stated yesterday that contracts had been made by this road for the purchase of 750 freight cars and ten locomotives. The delivery of the cars is to begin in three months, and will continue at the rate of 25 a day from that time until the order is completed, while the locomotives are to be ready for delivery by November 1st. While the purchase price was not named, the average cost of a freight car is about $1,200, while a locomotive costs in the neighborhood of $25,000, which would make the outlay for the new equipment approximately $1,150,000.

President Kenly pointed out that there was no special significance to be attached to the purchase of new equipment and stated that it is simply for the purpose of caring for future needs. It has been some time since the Atlantic Coast Line has purchased any new freight cars. President Kenly said that no new passenger equipment would be purchased at the present time, although this may be done later.

"Putting House in Order."

"We are simply putting our house in order," he said, "and while there is no immediate need for the new equipment, we want to be in a position to care for our future needs. We hope, of course, that business conditions will improve, and I believe they will."

President Kenly is not disposed to be pessimistic over the business outlook. He believes that some way will be devised to take care of the present cotton crop and feels that a fair price will be received. He looks forward to improved conditions in the near future, and like everyone else, hopes that there may be an early end to the European war.

Cars of Standard Size.

The new freight cars will be of standard size, with steel under-frame, and are to be furnished by the Mt. Vernon Car Manufacturing Company, of Mt. Vernon, Ill. The locomotives will be of specific size and of the same general type as the locomotives now used by the Coast Line.

Announcement was made some time ago that the Atlantic Coast Line would purchase 700 or 800 new freight cars, but the contract for them was not closed until this week. This road made considerable additions to its passenger car equipment the latter part of last year, and the policy of this road has always been to keep its equipment first class in every respect.

The announcement that it is continuing its policy of progressiveness in spite of the depression general in financial circles will be a source of encouragement to other business enterprises in the Southern States.

DANIELS ASKS EDITOR FOR EVIDENCE TO PROVE STATEMENT

That Employe of Navy Was in Pay of the German Government.

Washington, August 18. — Secretary Daniels announced today that he asked John E. Rathom, editor of the Providence (R. I.) Journal, to submit any evidence he has to substantiate a published statement credited to him that a civil employe of the Navy Department was in the pay of the German government.

Mr. Daniels also revealed that after a recent conference he had with Mr. Rathom, the department had assigned additional officers and men to the naval force operating the German-owned commercial wireless plant at Sayville, and had ordered the most rigid precautions against the dispatch of unneutral messages in secret code. Every suspected message was ordered forwarded to the Department for examination.

Since then, the Secretary said, many dispatches had been submitted to the Department, and three or four had been returned to the senders for re-writing. He said there was no direct evidence of violation of neutralization, but it had been deemed best to put the plant under stricter watch.

BODIES ARE DAILY PICKED UP ON STREETS OF MEXICO CITY.

Thousands of Men, Women and Children are Reported Starving.

Puebla, Mexico, via New Orleans, Aug. 18.—Thousands of people are starving in Mexico and bodies of women and children are daily being picked up in the streets there, according to an American Red Cross agent, who arrived here today from the capital.

Traveling between Mexico City and Vera Cruz is regarded as dangerous and the railroad lines are invested with bands of Zapata followers. Almost every day a train loaded with Carranza troops is blown up and few civilians venture on the road.

Many Guns and Much War Material Were Captured With the Fortress.

RUSSIANS ON RETREAT

Critics Think Part of Grand Duke's Army in Serious Danger of Envelopment.

Ten Are Killed in Air Raid on England.

London, Aug. 18.—Kovno, one of the crucial points in the Russian defensive in the North, has fallen and the road to the Vilna, Warsaw and Petrograd railway now is open to the troops of Emperor William.

The capture of Kovno was another triumph for the German 16-inch guns. With the fortress the Germans took more than 400 guns, and, according to their account, an enormous quantity of war material.

This, however, is not the most serious part of the matter to the Russians. Besides opening the way to Vilna, which is an open town and from which most of the inhabitants have departed and from which everything that might be of use to the invaders has been removed, the fall of Kovno takes away the last protection, with the exception of the Russian field army, to the main line railway to the capital, and also places the Germans in a position to threaten the flanks of the Russian armies retiring to the Brest Litovsk line and those operating in southern Courland.

Grand Duke Nicholas apparently expected the fall of Kovno, for his armies are hastening their retirement in Poland eastward.

They still hold their own from Kovno to south of Ossowets, but beyond that they are being pressed by Von Scholz, Von Galwitz, Archduke Leopold, who has crossed the Bug and is approaching the Brest-Litovsk and Bialysk railway.

It is the same in the south where Von Mackensen finally has driven the Muscovites into their outer positions of the fortress of Brest-Litovsk.

Duke's Army Faces Envelopment.

For the first time since he began his retirement from Western Galicia in May, Grand Duke Nicholas, in the opinion of military observers, finds part of his army in serious danger of envelopment.

The Russian commander, however, continues an orderly retreat as evidenced by the fact that outside of the guns taken with Kovno or captured in the forts of Novogeorgievsk, two more of which have fallen, the Germans make no claim to the capture of artillery. It would appear also that few prisoners have been taken.

With Kovno in German hands and another German army across the Bug south of Brest-Litovsk, a speedy exit, according to military observers, is the only safe one for the Russians.

Germans Active Elsewhere.

The Germans also are finding time for minor activities in other fields. Last night they carried out their 17th air raid on England, visiting eastern counties. Their bombs, according to the official communication, killed ten and injured 36 civilians. The admiralty report that it believes one of the Zeppelins, of which there are supposed to have been four, was damaged.

A dispatch from Holland today reported that another quartet of dirigibles was on the way over to England, but nothing further has been heard of them.

The German submarines have been busy and during the day the sinking of three British and three neutral steamers and a trawler has been reported.

As an offset to the German successes in the East, the French official communication reports further gains for French transports in the Vosges.

General Sir Ian Hamilton, announces an advance by the new force of allied troops which landed at Suvla bay at the Dardanelles, and the repulse of a Turkish attack against the right flank of the Australians. The Turks on the other hand, say that all the British attacks were repulsed.

Serbia's Reply Soon.

Serbia probably will make her reply this week to the suggestion of the Entente ministers that she cede Macedonia to Bulgaria. Opinion is divided in Serbia as to what the reply should be, but it is expected here it will be favorable. Serbia, it is asserted, would like to await the outcome of the Greek crisis before giving her decision. This, however, is likely to continue for some days, and is expected to end in an agreement between King Constantine and the new premier, M. Venizelos, which will guarantee the continued neutrality of Greece.

AIR RAID ON LONDON.

Ten Persons Killed on Outskirts of City in Attack by Zeppelins.

London, Aug. 18.—The outskirts of London were raided last night by Zeppelins. Ten persons were killed and 36 injured. The damage to property was not important.

PELAGOSA ISLAND ATTACKED.

Austrians Kill Italian Officer and Three Men in Bombardment.

Rome, via Paris, Aug. 18.—An Austrian fleet of 21 vessels bombarded the island of Pelagosa, in the Adriatic midway between the promontory of Gargano and Dalmatia, and retired

CRIST AND POPE FINED BY ROCKY MOUNT RECORDER

Judgment Suspended Against Gardenier—Sequel of Fist Fight.

(Special Star Correspondence.)

Rocky Mount, N. C., Aug. 18.—The concluding chapter of the fist fight and near-riot at the baseball park yesterday afternoon, in which Newport News players attacked Umpire Pope and at which time only the prompt action of the police and a drenching downpour of rain prevented serious trouble, was heard in the city court this morning. Umpire Pope, of the Rocky Mount club, and Umpire Mullen, of the Newport News team, and Players A. R. Smith, R. Seiglie, Brooks Crist and R. E. Gardanier made up the defendants' roster, and incidentally were the active contenders in what was yesterday a blood curdling combat while 18 hours later it was a veritable lovefeast with everybody sorry for everything that had been done.

However, on the hearing of the evidence it was brought out that Crist had precipitated the affair by addressing an epithet at Umpire Pope and that when Pope made at him a fight ensued. Smith's connection with the affair was entirely that of a peace-maker and he sought to part the fighters by taking hold of Pope while Eisel seized Crist. Gardanier received a severe crash from somebody and was possessed of a desire to fight while Seiglie and Mullen were mixed in the melee. The judgment of the court was that Manager Crist should pay a fine of $15, while Pope for his willingness to fight was relieved of half that amount, the last named fine being paid by the fans who were spectators in the court room. Gardanier was found guilty but judgment was suspended while in the cases of Smith, Seiglie and Mullen a nol pros was taken.

RED SPRINGS TAKES WHOLE SERIES FROM LUMBERTON.

Lumberton, N. C., Aug. 18.—In the last game of the season at Red Springs today between Lumberton and Red Springs, Lumberton was defeated by the score of 3 to 2, Red Springs taking the whole series of five games. Features of the game were the one-hand catch by Lee, of Red Springs, and the all-round playing of the Red Springs team.

Lumberton .....100 000 001—2 5 3
Red Springs .....001 001 10*—3 6 1
Foster and Krebs; Engle, Glazener and Koehler; Umpire, Henderson.

New York, Aug. 18.—Fred Snodgrass, an outfielder with the New York Nationals since 1908, was unconditionally released today.

All of the wrestling fans will be at the wrestling match tonight at Woolvin Hall. Join the crowd.

ATHLETICS DEFEATED BY TIGERS' SWIFTNESS

Boston Lost, After Out-Hitting Chicago

Collamore, Pitching for Cleveland, Won a Shut-Out Game From Washington—Cleveland Was Held to Five Hits.

RESULTS YESTERDAY
At Cleveland 3; Washington 0.
At Detroit 4; Philadelphia 1.
At St. Louis-New York, rain.
At Chicago 5; Boston 3.

WHERE THEY PLAY TODAY
Washington at Cleveland.
Philadelphia at Detroit.
New York at St. Louis.
Boston at Chicago.

STANDING OF THE CLUBS

	W	L	Pct.
Boston	69	36	.657
Detroit	71	39	.645
Chicago	65	42	.607
Washington	54	53	.505
New York	51	51	.500
Cleveland	42	66	.389
St. Louis	41	68	.376
Philadelphia	34	72	.321

Detroit, Aug. 18.—Sheehan's wildness and fast work on the bases by Detroit runners gave the Tigers today's game with Philadelphia 4 to 1. Sheehan passed three men and made two wild pitches in the first inning.

Philadelphia . . .000 100 000—1 8 0
Detroit . . . . .200 001 10*—4 8 0
Sheehan, Knowlson and McAvoy; Dauss and Stanage.

Chicago, Aug. 18.—Chicago defeated Boston 5 to 3 today although out-hit nearly two to one. A pass to Blackburne, Russell's double and a triple by Murphy won the game for the locals in the fifth inning.

Boston . . . . . .000 001 020—3 13 0
Chicago . . . . . .020 030 00*—5 7 2
Leonard, Gregg and Carrigan ,Cady; Russell, Faber and Schalk.

Cleveland, Aug. 18.—Collamore shut out Washington 3 to 0 today. Johnson held Cleveland to five hits and struck out 12 in eight innings but every hit counted in the scoring.

Cleevland . . . .011 000 10*—3 5 1
Washington . . .000 000 000—0 7 1
Collamore and O'Neill; Johnson and Henry.

TAR HEELS TAKE WHOLE SERIES FROM NEWPORT NEWS

Rocky Mount, N. C., Aug. 18.—Nine safe swats that either scored or played a part in the scoring out of a dozen made by the Tar Heels off Hamilton, explains the 7 to 3 victory and a clean sweep of the series by the locals over the Newport News Ship Builders. The Athletics' prodigy of promise was ineffective against the locals, and the great work of his team mates prevented an even larger number of runs and hits.

Racing robs by Sieglie, Hopkins and Smith brought applause from the stands for the visitors, while the Down Homers played a hard, consistent game throughout. The visitors scored their three runs without a hit or a bat having any part in the circumscribing of the bases, save in the instance of two successive sacrifices.

Newport News . . .102 000 000—3 7 1
Rocky Mount . . .030 200 20x—7 12 1
Batteries: Hamilton and Lake; Teague and Ryan. Umpires: Gardanier and Ulrich. Time: 1:55. Attendance: 456.

The best wrestling match of the season in Woolvin Hall tonight. Join the happy throngs.

DOUBLE VICTORY GOES TO BUFFALO FEDERALS

Baltimore Takes Last of Series From Chicago

Free Hitting on Both Sides Marked the Contest Between Pittsburgh and Brooklyn, Pittsburgh Winning, 12 to 5.

RESULTS YESTERDAY
At Pittsburg 12, Brooklyn 5.
At Baltimore 6, Chicago 0.
At Buffalo 3-3, Kansas City 2-2.

WHERE THEY PLAY TODAY
Kansas City at Baltimore.
Pittsburg at Newark.
St .Louis at Brooklyn.
Chicago at Buffalo.

STANDING OF THE CLUBS

	W	L	Pct.
Chicago	62	48	.564
Pittsburg	60	47	.561
Newark	60	48	.556
Kansas City	61	50	.550
St. Louis	58	51	.532
Buffalo	52	64	.448
Brooklyn	50	63	.442
Baltimore	39	71	.355

Buffalo, N. Y., Aug. 18.—Buffalo won both games from Kansas City today by the same score, 3 to 2.

Kansas City . . .010 001 000—2 6 2
Buffalo . . . . .011 010 00*—3 10 1
Main, Packard and Easterly; Anderson and Blair.
Second game:
Kansas City . . .000 100 100—2 8 1
Buffalo . . . . .111 000 00*—3 8 3
Henning and Brown; Bedient and Allen.

Baltimore, Aug. 18.—Baltimore took the last of the series from Chicago today, 6 to 0. LeClair was effective in the pinches while Baltimore bunched hits on Black and Hendrix.

Chicago . . . . .000 000 000—0 9 0
Baltimore . . . . .012 030 00*—6 12 0
Black, Hendrix and Fischer; LeClair and Owens.

Pittsburgh, Aug. 18.—In a contest marked by free hitting on both sides, Pittsburgh defeated Brooklyn today, 12 to 5.

Brooklyn . . . .001 101 020— 5 12 2
Pittsburgh . . . .300 340 11*—12 16 2
Walker, Marion and Land; Rogge and O'Connor.

SEVEN GAMES TO BE PLAYED FOR VIRGINIA CHAMPIONSHIP.

Rocky Mount, N. C., Aug. 18.—If the Rocky Mount club in the Virginia League fails to win the second half season as she did the first, seven games will make up the decisive clash for the pennant honors, according to the ruling of the committee on championship games at a recent meeting in Norfolk.

The championship clash will get started in Rocky Mount on Wednesday, September 8th, and a second game will be played in the Tar Heel City on Thursday, September 9th. Then the teams will shift to the city that takes the second half of the divided season where two games will be played, the first Friday, September 10th, and the second Saturday, September 11th. Shifts will then be made back and forth, Rocky Mount claiming the next game on Monday, the second half winner the Tuesday's game, while the seventh clash, if it may go to that, will be decided in its location by the toss of a coin.

TOM McNAMARA LEADS GOLFERS IN WESTERN OPEN TOURNAMENT

Chicago, Aug. 18.—Tom McNamara, of Boston, with 153 for the first 36 holes today, led the 110 golfers playing in the western open golf tournament at the Glen Oak club. Jack Hutchinson, of Alleghany, Pa., finished the first half of the 72 hole contest scored with 155. George Sargent of Chevy Chase Club, Washington, D. C., and Gilbert Nichols, of Wilmington, Metropolitan open champion, were tied for third place with 156.

James Barnes, of White Marsh Valley club, Philadelphia, defending his title, scored 157, as did Walter Hagen, of Rochester, national open champion last year; C. P. Nelson, of Oklahoma City, and A. Cunningham, of Wheeling, W. Va.

HAMLET TAKES FIRST OF SERIES WITH DALLAS, N. C.

Hamlet, N. C., Aug. 18.—In a pretty and fast game Hamlet took the first of a three-game series from Dallas today. Mason, for Hamlet, pitched beautiful ball, allowing six hits and keeping them well scattered. Cosby, for Hamlet, played star ball at short. Donaldson, for the visitors, pitched good ball and had the locals at his mercy up to the seventh, when the locals landed on him. He allowed only five hits, but the hits came in the right time.

Hamlet .....000 000 14*—5 5 1
Dallas .....100 000 000—1 6 1
Mason and Thompson; Donaldson and W. Sumney; umpires, Lander and Fetner; time, 1:30; attendance 300.
Same teams play here Thursday and Friday.

SCHOONER DISMANTLED.

British Crew Without Food—Refused to be Taken Off.

Norfolk, Va., Aug. 18.—Reports received along the Atlantic coast today told of the dismantling of the British schooner E. A. Seaban in latitude 73.22 west, longitude 20.30 north. The schooner was sighted by the steamer Matiantock on the afternoon of August 17. The crew were still on board and declined to be taken off. They were without food or water, which was supplied by the steamer.

NEW DRAMA BY THOMAS DIXON.

To be Exploited by Company Headed by P. D. Gold, Jr.

(Special Star Telegram.)

Washington, D. C., Aug. 18. — P. D. Gold, Jr., of North Carolina, was today elected president of the National Drama Corporation, which is to exploit Thomas Dixon's "The Birth of the Nation."

Woolvin Hall, the coolest place in town. Be there tonight. Big wrestling match.

Negro Found Making Spurious Quarters

ASHEVILLE POLICE TAKE OPERATOR AND HIS WELL-EQUIPPED PLANT FOR MAKING COUNTERFEIT MONEY

(Special Star Telegram.)

Asheville, N. C., Aug. 18.—The passage on unsuspecting merchants of "phony" two-bit pieces led to the undoing of Will Burnam, colored, and the discovery of one of the best counterfeiting apparatuses for the coining of quarters of a dollar which the police have ever seen. Burnam was placed in the city jail where he is held pending the arrival at Asheville of Special Secret Service Agent George E. Thomas, of Charlotte.

The capture of the alleged counterfeiter was effected this afternoon by members of the local plain clothes squad, who seized his moulds and a quantity of unfinished coins which he is said to have been making from a preparation of lead and zinc known as "babbitts" metal. Eight counterfeit quarters were secured. The police charged that Burnam passed these on merchants of the depot section of the city. The police have been watching the operation of their prisoner for the past several weeks and they claim that he was engaged in the manufacture of the worthless money at the time that they visited his home this afternoon.

While no date has been named for the hearing, it is stated that the case against the negro probably will be called in the court of Commissioner T. D. Shelton within the next few days. The negro has made no statement as to his case.

GOLDSBORO GETS JUNIORS

Congressman Burnett Addresses Order in Charlotte on His Immigration Bill.

(Special Star Telegram.)

Charlotte, N. C., Aug. 18. — The State Junior Order United American Mechanics, in annual session here, today chose Goldsboro for their next place of meeting. Charles F. Alexander, of Charlotte, it is practically conceded, will be the next State Councilor, succeeding Paul Jones, of Tarboro.

Congressman J. L. Burnett, of Alabama, delivered a strong speech tonight on "Immigration," and predicted the enactment by the next Congress of the Burnett immigration bill, of which he is the author. Over twelve hundred members of the order are in attendance.

WRESTLING MATCH TONIGHT.

Smith Looks Good to Fans, Who Have Seen Him—Hanson Here.

The wrestling match tonight between Zeke Smith, the middleweight champion of the South, and Fritz Hanson, the popular manager of the local athletic club, will likely be the hottest match yet to be pulled off on the mat in Woolvin Hall this season.

Smith arrived in the city last night and was seen by a number of local wrestling fans, who thought him the most likely specimen yet to appear as a match for Hanson. Smith is ten pounds the heavier, weighting 160 pounds, and has a bright, quick, intelligent appearance. He is an experienced wrestler and holds a championship in a class higher than that in which Hanson reigns supreme. Hanson will likely find him a hard match.

Smith is also up against a proposition. While the outside appearances might be a little in his favor, the local fans know Hanson's skill, having seen him ply it on a number of occasions. Hanson has been at Ocean View and Norfolk, Va., the past few days and will likely come back with renewed energy and cleverness. Hanson always keeps his head with him when he wrestles. He says the bigger they are the harder they fall. Local fans have seen how well he keeps his head and when he finds a man larger than himself there is still a chance.

The weather has moderated in point of heat very much since the last match and it is thought that the temperature will be pleasant in Woolvin Hall.

WILL WORK FOR EIGHT HOUR DAY IN MUNITIONS FACTORIES.

Agitation by J. J. Keppler for National Strike is Repudiated.

Washington, Aug. 18.—Agitation for a national strike in munition plants as proposed by J. J. Keppler, vice president of the International Association of Machinists, was repudiated here today by the executive board of the association. The board determined, however, to wage vigorously a general campaign for an eight hour day in all shops.

W. H. Johnston, international president, was authorized to disavow the strike project.

"My attention has been called to an interview by Vice President Keppler," he said tonight, "in which he declared that he will urge the association to authorize a national strike to enforce the eight-hour day. This statement is unauthorized by the international association and is wholly at variance with its policy. We have not declared for a general strike. In fact, we will use every means to prevent such a development."

WIFE OF GEN. JULIAN S. CARR DIES AT COUNTRY HOME

Had Been Seriously Ill for Three Weeks at Occoneechee Farm.

(Special Star Telegram.)

Durham, N. C., Aug. 18.—Mrs. Nannie Graham Carr, wife of Gen. Julian S. Carr, died at the country home of the family, Occoneechee farm, near Hillsboro, this morning at 8:15 o'clock, following three weeks' serious illness of a complication of diseases. She had been in failing health for three years and for the past few days her condition has been more serious than her Durham friends other than the family realised.

She is survived by her husband and six children: Messrs. J. S. Carr, Jr., C. McD. Carr and Austin Carr, of Durham; A. M. Carr, of New York; Mrs. Lala Ruth Patton and Mrs. Lida Flower, of Kansas City, Mo.; one brother, Capt. E. J. Parrish, and one sister, Mrs. Fannie Halliburton, of Durham.

The funeral services will be conducted from the home in Durham Saturday afternoon at 3:30 o'clock.

Fritz Hansen wrestles Zeke Smith tonight at Woolvin Hall.

NEWS OF A DAY FROM THE STATE'S CAPITAL

More Than 400 Teachers Get State Certificates

National Association of Negro Nurses in Session—Damage Suit Against S. A. L. and One Against City of Raleigh.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 18.—Members of the State Board of Examiners are here today signing the certificates that are being issued as rapidly as possible to those successful in the recent examinations for certificates as high school principals and assistants and for the five-year certificates as public school teachers. There were in all about 300 of them having undertaken the examinations in the various counties before the county superintendents. The others applied under the new law that provides for certificates to be issued where the applicant submits acceptible college records of work done in English and theory and practice in teaching.

There are numbers of the certificates being issued on the basis of examinations that are conditioned on the applicants making certain scores in the October examinations that will retrieve certain shortcomings in the former examinations. Altogether there will be upwards of 400 of the applicants to receive certificates, the great bulk of them being unconditional.

The National Association of Negro Nurses is in eighth annual session here this week and is quite largely attended. There are delegates here from many sections of the United States and numbers of the local white physicians are taking part in the programme by delivering addresses on one and another of the technical subjects bearing on the profession of nurse.

A damage suit against the Seaboard Air Line has been instituted here by A. L. Eastman, who was a "hostler" on the local yards. The injury was a broken shoulder sustained through a fall from an engine while he was inspecting its condition. He claims that a fireman had negligently left a greasy bundle of waste where he stepped on it in such way as to cause his foot to slip.

W. H. Mangum has brought suit against the city of Raleigh for $2,000 for injuries to his foot through having slipped on a bridge left incomplete and unguarded, the bridge being without abutments or railings.

TELLS STORY OF 100 YEARS AGO

Copy of American Recorder, Washington, N. C., May, 1815, is Interesting.

(Special Star Correspondence.)

Kinston, N. C., Aug. 18.—Ernest Clark, of Belhaven, is showing a copy of the American Recorder, printed in Washington, N. C., in May of 1815, a little more than a hundred years old. The Recorder was a weekly of four pages, four columns to the page. The subscription price was $3 per annum, of which a half had to be paid in advance. Advertising in its columns cost 50 cents an inch for the first insertion and 25 cents an inch thereafter. Market prices quoted show that a hundred years ago in Washington flour cost $23 a barrel, nails 16 cents a pound, sugar 35 cents a pound, pork $13 a barrel and whiskey only 75 cents a gallon.

Considerable space is devoted to an account of a new bridge over Tar river, just constructed to compete with the ferry. Tolls over the bridge, which was built under the supervision of J. Havens, probably one of the ancestors of the present J. Havens, reputed to be Washington's leading manufacturer of today, were as follows: One person, 5 cents; one horse 20 cents; two-wheeled carriage 25 cents; four-wheeled carriage 50 cents; "horned" cattle, 10 cents a head; hogs and sheep, 5 cents a head, and so on through an extended list. White inhabitants of the town could use the bridge as a promenade a whole year and take two members of his family with him on ever ytrip for only 50 cents per year.

GOOD WEEK FOR CROPS.

Sufficient Showers Scattered Over the State—Marked Improvement.

Raleigh, N. C., Aug. 18. — Condition of the weather and crops over North Carolina for the past week is reported by the Raleigh weather bureau of the United States Department of Agriculture as follows:

"Scattered showers, generally sufficient, together with seasonal temperature and sunshine, made another favorable week for all crops. There has been marked improvement noted in corn over the greater part of the State. Cotton made good progress; it is fruiting nicely and the crop is more promising. The curing of tobacco continues."

HAD PELLAGRA; IS NOW CURED

Hillsboro, Ala.—J. W. Turner, of this place, says: "I ought to have written you two weeks ago, but failed to do so. I got well and then forgot to write you. I can get about like a 10-year-old boy; you ought to see me run around and tend to my farm. I can go all day just like I used to. I am so thankful to know there is such a good remedy to cure people of pellagra."

There is no longer any doubt that pellagra can be cured. Don't delay until it is too late. It is your duty to consult the resourceful Baughn.

The symptoms—hands red like sunburn, skin peeling off, sore mouth, the lips, throat and tongue a flaming red, with much mucus and choking; indigestion and nausea, either diarrhoea or constipation.

There is hope; get Baughn's big Free book on Pellagra and learn about the remedy for Pellagra that has at last been found. Address American Compounding Co., box 2097, Jasper, Ala., remembering money is refunded in any case where the remedy fails to cure.—Adv't.

All of the wrestling fans will be at the wrestling match tonight at Woolvin Hall. Join the crowd.

THEATRICAL

That jealousy is no laughing matter is the theme of a great two-reel farce that heads today's bill at the Bijou, and features popular Ben Wilson with charming Dorothy Phillips, in the two leading roles. Scientists have tried to analyze and weigh the factors which enter into the creation of the state of mind, but so far they have failed. True, they have learned that when a millionaire comes along in his six-cylinder Blowhard and takes our girl out to the beach five minutes before we were to meet her at the corner ice cream parlor, we, the offended party, have just cause to call all the gods to witness our ultramarine frothing about the mouth.

But that doesn't do us any good. How can jealousy be abolished?

If hubby stays down town every night and takes his stenographer to dinner, there is bound to be jealousy.

Well, this great farce will be found the most entertaining two reels of motion pictures you have seen in a long while, and no one should miss some of the best work that the above popular couple have ever done.

King Baggot, the great Universal idol, appears in a single reel comedy drama, "The New Jitney in Town," that contains a laugh a minute, and there's a strong single reel Laemmle dramatic offering, "Paternal Love," with Frank Lloyd and Gretchen Lederer. There will also be another one of those Pathe comedy hits.

Paramount at the Grand Today.

Charles Frohman presents Mr. John Emerson in the recent theatrical success, "The Conspiracy." Mr. Emerson is seen to advantage as Winthrop Clavering, the eccentric author of stories of crime and criminals and also the unraveler of mysteries. He is backed by a cast the members of which furnish good character portrayals. The story carries a vein of comedy, although at no time is it pronounced. The chief value of the piece lies in the work of Mr. Emerson, who is seen in a role which on the stage he created and of which he makes much. There are situations that stand out, as for instance, when Margaret, who, in order to learn something of the workings of the band, has secured a position as stenographer for Morton, kills the head of the outlaws when she is assailed. The scene in the police station when the arrested man is cross-examined and pestered is well handled. The only love element comes just at the ending of the story.

"The Girl on the Engine," a one-reel Kalem featuring that daring little Helen Holmes. The men empoyed by the rival railroad might have met with success in their effort to throw a line across the Salt Lake tracks but for one mistake. This consisted of failing to take into account Helen's cleverness and courage. Just in the nick of time Helen climbs into the cab of the engine and the brave little girl drives it squarely across the spot where the track was to be crossed, to make sure that her road's foes would be unable to balk her plan.

All this great show is on at the Grand today. Drop in and be convinced that we are giving the best show in town.

Tomorrow the fifth installment of the serial beautiful, "The Goddess," featuring Anita Stewart and Earle Williams.

CONTRACTS HEALTH WORK

Alamance County Contracts for Medical Inspection of Schools.

Burlington, N. C., Aug. 18.—Alamance county has adopted a novel plan of health work proposed by the State Board of Health. They propose to have a health inspection of all their schools and school children and a health day for the entire school district. This contract has been made with the State Board of Health and is to begin November 1.

Briefly, the plan is to have a competent inspector make a thorough physical examination, especially of the eyes, ears, teeth and throats of all the children, where there is a possibility of a physical defect and endeavor to have it remedied.

There will also be an inspection of the school grounds and house, the lighting, the ventilation, the water, the sewage disposal, etc., followed by a health programme of speakings in the afternoon and an illustrated health lecture with lantern slides for the public in the evening.

GRAND ENCAMPMENT IN SESSION AT KINSTON ELECTS OFFICERS.

Mr. John E. Wood, Wilmington, Grand Treasurer—Weaverville Next Year.

(Special Star Telegram.)

Kinston, N. C., Aug. 18.—At the 68th annual session of the Grand Encampment, I. O. O. F., here today the following officers were elected for the ensuing term: Grand Patriarch, W. B. Bagwell, of Durham; Grand High Priest, H. T. Greenleaf, Elizabeth City; Grand Senior Warden, J. C. Bessent, Winston-Salem; Grand Junior Warden, John D. Berry, Raleigh; Grand Scribe, E. B. Stradley, Asheville; Grand Treasurer, John E. Wood, Wilmington; Grand Marshal, John E. Rickman, Franklin; Grand Inside Sentinel, John L. Wade, Fayetteville; Grand Outside Sentinel, George Tatum, Wilson; Grand Representative, one year, E. B. Stradley, Asheville; Grand Representative, two years, K. Kendall, Shelby.

The Grand Encampment will meet at Weaverville, near Asheville, next year.

WARSAW HAS GOOD OPENING.

About 40,000 Pounds Sold at 10 to 25 Cents Per Pound.

(Special Star Correspondence.)

Warsaw, N. C., Aug. 18.—Warsaw tobacco market opened today with the sale of 40,000 pounds of the product. All grades sold well, bringing prices pleasing to the farmers. The highest price brought was 25 cents per pound paid for a pile raised by Mr. James Usher, of Rose Hill. The prices ranged mostly from 10 to 20 cents. A barbecue dinner was served by the ladies of the Baptist church, after the sales.

The buyers to date are as follows: A. B. Anderson, for the Imperial; C. A. Womack, for the American Tobacco Co.; Stanley Wall, for Export, and Jack Johnson, for Walters, of South Boston.

FIRE AT MOUNT OLIVE.

Dwelling House Destroyed; Loss Estimated at $1,000.

(Special Star Correspondence.)

Mt. Olive, N. C., Aug. 18.—A dwelling house situated in the southern part of the city, owned by Miss Beattie Hubbard, occupied by the family of D. E. Kelly, was completely destroyed by fire Tuesday afternoon about 3 o'clock. The loss is estimated at about $1,000, partially covered by insurance. Nearly all of the furniture was destroyed. The family of Mr. Kelly was visiting in Clinton, from whence they moved here some three or four months ago.

TO REGULATE AND CONTROL TEXTILE INDUSTRY OF GERMANY

Army Authorities Have Perfected Plan of Economic Schedule.

(Correspondence of Associated Press.)

Berlin, Aug. 18.—Since the importation of textile raw materials into Germany has been almost entirely stopped, the army authorities have perfected a plan or economic schedule, by the terms of which the textile industry of Germany will be regulated and controlled. It has been worked out with a careful consideration of the supplies of textiles now on hand and with a view to making them last as long as possible.

This is to be accomplished, in part, by forbidding for the time being the production of luxuries, and suiting production of all other articles to the supply on hand. Such a regulation in connection with cotton goods already exists and is working well.

No general prohibition of textile production has been laid down, but the list of articles which may be made has been restricted so far as possible to the absolutely necessary—as for instance personal and bed linen, clothes and linings. It is also stipulated what kind of material these things may be made of, the coarser being substituted for the finer heretofore in use. Also the use of cotton is to be enlarged somewhat so that the list of textiles may be accordingly circumscribed.

Regulation of wool production is also in prospect, probably differing somewhat from the rules governing cotton, but in any event prescribing what kinds of woolen may be used for given articles.

A restriction of the flax and hemp industry is also planned.

Army contracts are not to be governed by any of the new rules. Those who have already made contracts with the military or naval authorities may carry them out whether or not the production of the articles in question is forbidden.

IDEA PREPOSTEROUS.

Will Dixon Denies Being Offered Half Million for Invention.

(Special Star Correspondence.)

Kinston, N. C., Aug. 18.—Will Dixon, of Oriental, a member of the Naval Reserve, denies reports that he has been offered half a million dollars for his appliance that, it is claimed, will prevent the torpedoing of ships by submarines. The figures are said by well-informed men to be preposterous, even if the naval board accepts Dixon's invention when he goes to Washington with it in a few days. Dixon says his invention will, given eight seconds' time, make a torpedo useless, the apparatus to be operated on board the ship attacked.

TWO NEGRO TRAINERS AND SEVERAL RACE HORSES KILLED

Railroad Accident Results in Blow to East Carolina Racing.

(Special Star Correspondence.)

Rocky Mount, Aug. 18.—The death of two well known negro horsemen and the loss of several race horses that have been seen often on the tracks in Edgecombe county, both at Battleboro and Tarboro, were the result of a wreck on the N. Y. P. & N. at Mears, Va., last night. The negroes killed were Joe Smith, of Greenville, and Dock Person, of Tarboro and Battleboro. The last named negro was at the time of his death caring for the horses owned jointly by Dr. H. B. Marriott, of Battleboro, and others and they were returning from points in Virginia where they had been in training. The horses were listed as the property of R. L. Smith, of Tarboro, and he was bringing them to Tarboro for training on the fair ground track preparatory to the races of the early fall and the Edgecombe fair season.

Wilson, Aug. 18.—The tobacco market opened auspiciously in this section from all reports and the farmers and warehousemen in Wilson are very much elated.

The "break" was not large in Wilson but the quality and price were good. About 50,000 pounds was sold on the Wilson market with an average of nearly 9 cents. Everybody is greatly pleased with the opening day.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Put U. S. Marine to Work for You

You could smoke or chew U. S. MARINE by the *hodful* and you'd never get enough—it's so mellow and rich and pleasing.

Lay in a supply of it today. Keep some at home and some on the job, and it will hold you steady as a spirit-level trues a wall.

U.S.MARINE
Cut Plug Tobacco

is the one *perfect* tobacco for the sturdy man who likes his tobacco rich, full-bodied and *satisfying*. Made of pure Kentucky leaf, aged carefully for three to five years, so as to bring out all its fragrant *flavor* and *sweetness*.

This is what makes U. S. MARINE always the same. It doesn't depend upon one season's crop, like many tobaccos. We have several seasons' crops always stored away.

U. S. MARINE *lasts* in the pipe because it *burns slow*—holds its flavor when you chew it. You can't beat it for all-around *satisfaction*.

Sold everywhere in 5c packages.

Store Closes 6 p. m; Saturday 11 p. m.

RESINOL BEGINS TO HEAL SICK SKINS AT ONCE

You don't have to WONDER if Resinol Ointment is doing you good. You KNOW it is, because the first application stops the itching and your tortured skin feels cool and comfortable at last. Why don't YOU try this easy Resinol way to heal eczema or similar skin eruption? Resinol clears away pimples, too, and is a valuable household remedy for cuts, sores, burns, chafings, etc. It has been prescribed by doctors for 20 years and contains nothing to injure the tenderest skin. Sold by all druggists.

HOW TO KEEP BABY'S SKIN WELL

The regular use of Resinol Soap is usually enough to prevent those distressing rashes and chafings to which most babies are subject. This is so, first, because Resinol Soap is absolutely pure and free from harsh alkali, and second, because it contains the Resinol medication, on which so many physicians rely for skin troubles.

Star Business Locals Get Results

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily and mailed to subscribers outside the county at $6 per year, $3 for six months; $1.50 for three months; or served by carrier in the city and suburbs at 60c. per month, or, when paid in advance, $7.00 per year, $3.50 for six months, $1.75 for three months.

THE SUNDAY STAR by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to the readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51. Editorial and Local rooms, No 61.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable and all communications should be addressed to

TOP O' THE MORNING

What an antiseptic is a pure life.
—LOWELL.

The cartoon ad. is now the fad.

Who is going to lynch the lynchers?

Never fight unless you have decided on some kind of strategy that will enable you to quit in time to save your bacon.

Somehow or other, during the last day or two, when we think of Georgia, thoughts of Mexico come trooping into our mind.

When somebody hands you a lemon, hand 'em a bouquet and they'll wish they had never handed you any citrus fruit at all.

We have no fear that public sentiment in the United States can be bought. Some of it isn't worth 30 cents, but millions couldn't buy it.

Just about the time for the cotton crop to be marketed the staple finds itself in the contraband list. King Cotton is not monarch of all he surveys.

When a man gets his consent to participate in a lynching, he has reason to be conscious of the fact that he possesses sufficient blood lust to nerve him to take human life.

Gas meters in New York in future are to be read by photograph. They'll have to use moving picture cameras to do the stunt for a meter was never known to be still.

A writer advises men not to lie, for the reason that when a man begins to lie he rarely ever quits. Is the writer speaking from experience or observation.

Don't depend on success by expecting patrons to find you. Successful merchants and manufacturers get customers by advertising what they have for sale. Advertising keeps people from guessing what you have to sell.

Henry James has gotten tired of the United States and has sworn allegiance to Great Britain. Great Britain would appreciate it more if he were to volunteer and go to the front instead of joining the non-combatant contingent.

The thirst for blood is in evidence by the wholesale when lynchers commit murder. Men should be made to understand that lynching is a reversion to barbarism and violates every principle of civilization, which cannot exist except by means of law and order.

Just what is Governor Harris going to do about it? Much depends upon how much value he places upon votes in the next election. If he is willing to sacrifice himself to redeem the name of his state, we shall more than probably see some lynchers fill the vacancy in the state prison caused by the removal of Frank.

Says the Jacksonville Times-Union: "When a girl has long eyelashes she is always drooping them." Yes, and when they are soft and brown, she droops them with the fell design of making some unsuspecting fellow her dupe till he comes to his senses and voluntarily climbs up on top of the junk heap composed of her victims. Beware of long, sweeping eyelashes, already!

Thirty-seven years as editor and owner of a newspaper probably puts Major H. A. London in a class by himself in this or any other country. The Major, one of the courtliest and most gallant of North Carolinians, founded the Pittsboro Record 37 years ago and a few days ago he entered upon the 38th year of his career as sole owner, publisher and editor. We are disposed to believe that American journalism does not offer a parallel to this North Carolina editor's record. Major London is the nestor of the North Carolina press and he is the kind of superb gentleman and true newspaper men that makes him an honor to Carolina journalism. It makes us proud because we have every reason to be proud.

EFFECTS OF THE WAR ON COTTON

The New York cotton men used to figure on the cotton year as ending August 31, of each year, but by common consent the trade now begins the cotton year with July 1, since a considerable portion of each new crop comes on the market in July. Especially is that the case in the Southwest, where nearly two-thirds of theSouth's cotton crop is raised.

Just at present the New York cotton men are figuring on the effect which the probable contraband order of Great Britain will have on the new cotton year, which they say began on the 1st of July. By reference to The Star's commercial page every morning, it will be seen that considerable receipts of new cotton are reported from Galveston, New Orleans, Mobile and Savannah. The New Yorkers are not inclined to believe that the market will be seriously affected by making contraband of cotton, since whatever result may be experienced, fell upon cotton last March when the British order in council became effective and put a stop to the shipment of all cotton direct to Germany and Austria.

Since the cotton embargo order was passed, British warships have seized 30 cotton cargo ships, carrying 200,000 bales of cotton, with an approximate value of $12,000,000. The British government has taken over the cotton and is paying for it, but at a rather slow rate. American shippers have received $5,000,000 up to now and it is understood that $2,000,000 additional is in process of negotiation. This leaves $5,000,000 more to be paid, and doubtless it will be twelve months before the shippers will see the color of their money. The interest alone on the money tied up in seized cotton is $720,000.

Since the first of last March no cotton has gone directly to Germany and Austria, but the British government contends that it has reached Germany through neutral countries. The Liverpool Cotton Gazette publishes a table of exports for the season just ended, showing that 1915 exports to Europe have been 8,357,223 bales, compared with 9,037,906 bales in 1914, and 8,590,259 bales in 1913. Of the 1915 exports, The Gazette estimates that Great Britain received 3,805,824 bales, France 677,014 bales, and Continental Europe 3,784,385 bales.

Of course, if the contraband order shuts out 2,000,000 or more bales from Continental Europe, it may affect the price, but the short crop of this year will offset any disadvantage that a curtailment of demand will bring about.

EXPORTERS FEAR SHIP SCARCITY.

With the export business of the United States up to its highest level, the New York Journal of Commerce says exporters now fear that there will be a scarcity of ships this fall for the general export business. The Journal of Commerce thus refers to the situation in New York:

"Ocean shipping rates, which have been showing a downward trend for the past three months, have once again begun to advance. An even larger volume of freight is in sight for the fall and winter months than was offered in the stirring times following the outbreak of war one year ago. Meanwhile tonnage facilities are conceded only slightly, if at all, in excess of the same period in 1914. The current features in the present ocean freight rate situation, however, differ greatly from those which ruled one year ago. For the whole month of August last year, immediately after the outbreak of the war, steamship facilities were practically disorganized. The uncertainty prevailing as a result of naval operations in many ports of the world, brought about a disarrangement of schedules. There were no standing quotations for ocean freight rates. With the approaching season the conditions are quite different, although they promise to produce similar conditions which disorganization brought about one year ago."

The whole country is concerned in this question of ocean shipping, and especially is the South, on the eve of the season for the exportation of cotton. The factors which have most direct bearing on the ocean freight problem at this time are summarized as follows:

(1) That regular line freight steamers in September, October and November will be carrying larger quantities of ammunition and similar war supplies, to the exclusion of general freight, including grain and foodstuffs.

(2) Heavy coal exports to South America, Italy, Spain and most likely to France, are now furnishing the "controlling rate" for the ocean freight market. This has created a disposition among the ship owners to seek coal charters in place of grain or general freights.

(3) Unless the Dardanelles are soon opened up by the Allied naval forces, the American market will have the greatest demand in its history for grain tonnage out of American ports.

(4) Shippers, to protect themselves against a rising market, took under charter during the months of May, June and July, a large volume of steamer tonnage on a time basis. This will result in keeping a considerable number of steamers out of the general freight market for the next six months or possibly a year.

The demand for tonnage is now very large. Charters for grain shipments are active, but it is said the demand for ships to carry munitions of war to Europe will keep many of the most available vessels busy till way up in November.

TO UTILIZE BEAN FIBRE.

The Pacific Fibre and Retarder Company has been incorporated by California capitalists for the purpose of utilizing the fibre of beans and other fibrous plants. The authorized capital stock is $500,000, and one object of the company is to encourage the growing of fibrous plants. The company will establish factories for manufacturing twine, bagging and bag cloth from such fibres as are found to be available.

Certain varieties of beans produce fibre similar to hemp or sisal, and in addition to the fibre the residue, containing a large percentage of potash, will be manufactured into fertilizers. The headquarters of the company will be Ventura, California, and the incorporators are T. S. Newby and others.

The United States ought to be independent of all other countries, so far as merchantable fibres are concerned. Numerous shrubs, vines, grasses and even trees, growing in great profusion in Eastern North Carolina, produce a high grade of fibre. Most fibrous plants from foreign countries can easily be propagated in tidal Carolina. Ramie, the fibre of which is known as vegetable silk, grows luxuriantly in this section.

We have often wondered why more experimenting with fibrous plants is not undertaken in this portion of the country. Cotton stalks not only produce excellent fibre but a high grade of paper can be made from them.

PROBABLY A WILD RUMOR

The grain shippers in Canada are much alarmed over a Montreal report that a German submarine has appeared in the Gulf of St. Lawrence and is likely to put an embargo on grain shipments. Traffic was actually suspended temporarily on the St. Lawrence for fear that the ships would be sent to the bottom. The rumor was taken so seriously that a government transport was recently turned back to Quebec, the troops aboard her were landed and the ship sent light to Halifax where the men re-embarked.

While the submarine rumor may have little foundation in fact, the probable closing of the ports of Montreal and Quebec, during the wheat movement, would mean a large volume of traffic for Southern ports. It is said that the American wheat movement will be about all that our Northern ports can take care of this fall and winter.

We presume that this must be more interesting than true, but it shows how easily a war scare can be started at this time. We venture the assertion that traffic on the St. Lawrence will not be suspended for any length of time.

CURRENT COMMENT.

The story of a whiskey ship off the coast at Wrightsville may be merely a desperate piece of press agent work, to bolster up the fag end of the season.—Greensboro News.

In this war-making world, with every day showing new accomplishments of the impossible, new demonstrations that all calculations were awry, there are two great countries which have refused to prepare themselves adequately for whatever eventually might come. One is China, the other is the United States. China, even within this first year, has practically lost her independence; she has been annexed in all but name by one of the great military powers. And still the United States does nothing.—New York Press.

The principal reason that submarines of the Allies have not been as prominent in war news as those of Germany is that they have had less opportunity for spectacular service. But that does not mean their crews are any less courageous. They have put in some good blows on the enemy, especially in the water between Constantinople and the Aegean sea. Their latest victim is an old Turkish battleship that formerly flew the German flag. Turkish shipping, both of the navy and the merchant marine, is in a dangerous position. The Black sea has practically been swept free of it, the Russians claiming to have sunk hundreds of ships of all sorts, while British submarines have penetrated as far as Constantinople itself. Hence there is hardly any place where a Turkish ship in home waters can feel secure.—Savannah News.

If the United States had to raise a great volunteer army right now, the chief need, according to Maj. Gen. Leonard Wood, would be officers. There seems no doubt that it wouldn't take long to get the men to fill up the ranks as priates, and guns and cartridges for them, but where officers to lead them could be found is a mystery. For an army of 1,250,000 men, said Gen. Wood, 40,000 officers would be needed. Evidently they are not to be had now. He advocates training college students in their junior and senior years along the same lines as the business and professional men in camp at Plattsburg, N. Y., are being trained. There is no doubt that if that plan is adopted generally by the colleges and universities and the students are trained by competent instructors a great reserve will be created from which volunteer officers can be drawn in time of need. There are few students who could not spare the time to receive military instruction, and the outdoor exercises it would give them would be worth all the time and effort it required.—Savannah News.

Britannia's control of the seas is safe enough for passengers and grain and shells, but she sends gold in a battleship that is convoyed by two cruisers and watched by three destroyers.—Jacksonville Times-Union.

Miss Perry, the suffragist, is not receiving a very warm welcome from the members of the Equal Suffrage League of North Carolina. The State organization hesitates to embrace the visitor's idea of the proper course to pursue in obtaining the vote. Miss Perry is for the short cut—national legislation at Washington—while the Tar Heel ladies are loyal to the principle which the War Between the Sections failed to render obsolete—State's rights. Miss Perry will come to Greensboro during her visit in the State, and she will enjoy the city, we hope, but we do not believe that as a political agitator she will receive much encouragement. That sort of thing is as undesirable in North Carolina as is the I. W. W. and its methods.—Greensboro Record.

With the lynching of Leo M. Frank by a mob which took him from the State penitentiary, where he was just recovering from a frightful wound inflicted by a fellow convict, the shame of Georgia is complete. The lust which has been manifested for this poor creature's blood has been a horrifying spectacle. Only a handful of men took part in the actual lynching. Thousands have egged them on. The manner in which those who were determined that Frank should die finally accomplished their purpose and wreaked their vengeance upon him is one of the most cowardly and disgraceful chapters in the history of crime. It makes one sick at soul to think that such a thing could take place in the heart of one of the oldest States of the Union. The blot on Georgia and upon the citizenship of Georgia is one which it will require many years to egace. The failure of the authorities to protect Frank, forewarned as they were of the possibility that something of this kind might be attempted at any time, is unpardonable. The only atonement which Georgia can offer is the meting out of swift justice against all those who were in any way participants in the horrible affair. It is too much, however, to hope that Georgia will give to the world any such evidence of a spirit of repentance. Indeed the most dreadful feature of the whole business is that there is no reason to believe that Georgia as yet is even conscious of the humiliation which has been heaped upon her.—Charleston News and Courier.

The Observer has no doubt that the railroads of the State will have a fair and impartial hearing at the hands of the State Corporation Commission in the matter of the substitution of the Southern classification for the North Carolina exception sheet. Under the latter the State shippers are given protection in the most important of the commodities of commerce. If the substitution is permitted there would be a wholesale increase of such a character to prove burdensome, if not ruinous. The railroads are making what might be called a blanket application. Reports of what is under contemplation have aroused the apprehensions of mill men and shippers in general, but The Observer, while it would not be disposed to laugh these apprehensions away, would be, and in fact is, disposed to minimise them. The State Corporation Commission is entirely too familiar with hconditions in North Carolna to admit of the granting of an indiscriminate privilege for advancng rates. If specific instances should develop justifying an increase the commission would only be performing its duty in granting such increase, but it is unlikely that it would cover the case with a blanket.—Charlotte Observer.

HE SAYS WHITE WOMAN WAS HANGED IN MITCHELL COUNTY

Kinston Man Remembers Details of Murder and Execution.

(Special Star Correspondence.)

Kinston, N. C., Aug. 17. — Considerable newspaper discussion has arisen since Mrs. Warren was sentenced to die at Winston-Salem, as to whether or not, if the sentence of death shall be carried out, she will be entitled to the dubious distinction of being the first of her sex in the State to forfeit her life at the hands of the law. It appears certain from the latest reports that two or three negro women have been legally hanged, but a local man well acquainted with the facts, whose name is withheld at his request, asserts that a white woman has also been hanged.

Shortly after the war between the States the informant says a white woman of Mitchell county, whose identity is well known to him, murdered her husband, for which she was tried, convicted and executed. They lived a short distance from Galax, the present junction of the C., C. & O. and Black Mountain railroads, on a farm now owned by Mrs. Hattie Ellis.

The details were extremely gruesome. She killed him as he lay in bed, then dismembered the body with an axe and hid the pieces in a hollow stump nearby. A few days later the dogs of some opossum hunters "treed" something in the stump and an investigation revealed its repulsive contents. Investigation resulted in the woman's arrest, trial and conviction and the hanging.

The trial took place in Marion, McDowell county, and there the execution occurred. It is probable that this was about the time Mitchell county was created, and before a jail or court house had been erected. While in jail awaiting the time of her execution, after her trial, the woman wrote a poem, embodying in it her confession, which from only a literary standpoint was quite creditable, and this poem is yet to be found in many a scrap book throughout the mountain country, it is said.

LESS TYPHOID IN GREENSBORO

No Deaths in Four Weeks and No New Cases This Month.

(Special Star Correspondence.)

Greensboro, N. C., Aug. 18.—There have been no deaths in Greensboro from typhoid fever for four weeks, and no new cases have developed this month. The death rate of the city has been very low this summer. For the first fifteen days of August only two deaths among white people were reported. One was Mr. Snider, who was injured in an explosion at Walnut Cove and was brought to the hospital. He was not a Greensboro man. The other was an infant. There were nine deaths among the negro population.

NEW FACTORY FOR GREENSBORO.

Branch of the Emanual Company, Typewriter Ribbon Manufacturers.

(Special Star Correspondence.)

Greensboro, N. C., Aug. 18.—Greensboro is to have a branch factory of B. D. Emanual & Company, of Muncie, Ind., manufacturers of ribbons for typewriters, adding machines, etc. Mr. W. F. Thurmond, general sales manager of the concern, has been in the city several days arranging for the branch plant. The concern will employ about 15 people to begin with, and efforts will be made to dispose of a large part of the company's output in the State and the remainder in other Southern states. The ribbons will be distributed as a Greensboro product and an appeal will be made to dealers of the State on the ground that the factory is in the State.

TWO NEGROES LYNCHED.

By Mob of Masked Men at Hope Hull, Ala.—One Other Dies.

Montgomery, Ala., Aug. 18. — "Kid" Jackson and Henry Russell, negroes, were lynched at Hope Hull, ten miles from here, early this morning, by masked men. Another unidentified negro, rescued from the mob, died at a hospital.

The negroes had been under arrest accused of poisoning mules on a plantation near here, from which they had been dismissed. They were released on bond yesterday.

To Drive Out Malaria And Build Up the System

Take the Old Standard GROVE'S TASTELESS chill TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents.

FORECLOSURE SALE.

State of North Carolina, County of New Hanover.

By virtue of a power of sale contained in a certain mortgage deed made and executed on the 18th day of May, 1911, by Joseph Schad and wife to George Honnet, recorded in Book 64, page 397, of the records of New Hanover County, the undersigned executor of the executrix of George Honnet will on Monday, the 30th day of August, 1915, at 12 o'clock noon, at the Court House door of said County, sell for cash, at public auction, to the highest bidder, the following described piece, parcel or lot of land, situate, lying and being in the City of Wilmington, State and County above written, and more particularly described as follows:

Beginning at a point in the Northern line of Market street seventy-eight (78) feet Westwardly from the Western line of Fifteenth street, and runs thence Westwardly along the said Northern line of Market street one hundred and twenty (120) feet, thence Northwardly and parallel with Fifteenth street one hundred and fifty (150) feet, thence Eastwardly and parallel with Market street one hundred and twenty (120) feet; thence Southwardly and parallel with Fifteenth street one hundred and fifty (150) feet to the Northern line of Market street, the point of beginning; the same being a part of Lots 3, 4 and 5, in Block 483, according to the official plan of the City of Wilmington.

This 22nd day of July, 1915.

J. H. HONNET,
Executor of the Executrix of Geo. Honnet.

GEO. O. GAYLORD'S

Big Store on Front Street

Has begun to take on the air of the Fall Season. I am planning to get more business, to sell more goods, and am on the job to stay. I have just added a nice line of new dress goods. I have a forty-two inch Satin-Finish Suiting in pretty shades, in all colors, selling at a Special price of 75c a yard. We have 42-inch Serge, strictly all-wool, and a nice quality, at 75c a yard; 36-inch Garbadine at 50c a yard; French Serges, $1.00 quality, we are selling for 85c, and pretty Wool Serges, 50c. A very pretty Serge at 39c, and a good 36-inch Serge at 29c. We have good yard-wide Silk and Satin at 75c. a yard; good Taffeta Silk, an extraordinarily good quality, at $1.00 a yard; and lots of other pretty things for the Fall Season. We are still showing some Special values in Summer Goods.

MEN'S HATS — We put on sale today one hundred Men's Hats—what we have on hand in straw goods—Hats that have sold for $1.00, $1.50 and $2.00 apiece, we will sell as long as they last for 59c; all strictly new styles and pretty goods. A nice line of Men's Caps and Men's Silk Hats and Cloth Hats, to be sold for 59c each; worth $1.00 apiece.

MEN'S AND WOMEN'S SILK HOSE — All kinds and prices. The best silk hose in the city for 25c for men and a good one at 20c. Received a big lot of these goods this week, and they are especially pretty goods for the price.

MOSQUITO CANOPIES are in big demand now, and we sell nice ones for $1.25 and $1.50 each. We are giving one-fourth reduction on porch screens. A big line of splendid new Window Shades, everything complete, for 25c. The double shades, being two different colors, are 50c each.

MEN'S COLLARS—The very latest styles and the best goods, 15c each. Men's Washable Four-in-Hand Ties; they look like silk and wear better than silk, for 10c.

If Values Count, we will have your business.

Adding new things to the store every day.

OFFICERS ELECTED BY THE S. A. L. SURGEONS

Next Meeting to be Held in Jacksonville, Florida.

Dr. L. J. Picot, of Littleton, Presents Diamond Pin to Chief Surgeon Burke for Association—All Off for Home.

After an unusually well attended meeting of the S. A. L. Surgeons at the Seashore Hotel, Wrightsville Beach, they closed their activities yesterday morning by electing officers for the ensuing term and selecting as the place for the next meeting Jacksonville, Fla. The meeting yesterday morning was on board the steamer Wilmington to Southport and back and was featured with several social activities in which the physicians showed their appreciation for officials who have served them well.

A handsome diamond scarf pin was presented to Chief Surgeon Joseph M. Burke, of Petersburg, Va., as a token of the splendid work he has done during the ten years he has acted in the capacity of the leader and friend of the Seaboard Surgeons. A pair of solid gold cuff links were presented to Dr. J. W. Palmer, of Ailey, Ga., who has been the efficient secretary during the entire 14 years the Association has been in existence. The presentation speech in behalf of the Asociation for both presents was made by Dr. L. J. Picot, of Littleton, N. C. Dr. Picot is a speaker of fine bearing and delighted the members present, by so effectively expressing the hearty good feeling that exists among them toward the recipients of the presents.

The officers elected are as follows:

President—R. L. Harris, Jacksonville, Fla.

First Vice President—Frank L. Eskridge, Atlanta, Ga.

Second Vice President—W. A. McPhaul, Lumberton, N. C.

Third Vice President—L. J. Picot, Littleton, N. C.

Secretary and Treasurer—J. W. Palmer, Ailey, Ga. (re-elected).

Members of Executive Committee—R. B. Epting, Greenwood, S. C. This committee is now composed of Drs. M. L. Wood, Montgomery, Ala.; E. H. Terrell, Richmond, Va.; J. C. Knight, Plant City, Fla.; John M. Blair, Monroe; R. B. Epting, Greenwood, S. C., and S. E. Harmon, Columbia, S. C.

The committee on Necrology is composed of Drs. W. C. Griffin, Cartersville, Ga.; J. E. Malone, Louisburg, N. C.; J. B. Curtis, Orange Heights, Fla.

The novelty of having the morning session on the boat was greatly appreciated. The Tidewater Power Company provided special cars for the surgeons and their friends to make close connections with the steamer Wilmington in its usual trip. A special feature of the trip was the Surgeons' lunch which was enjoyed by all. Practically all the actual business had been finished and only a few papers were read and discussed on the boat. Many of the physicians decided not to use the special car furnished by the Tidewater Power Company in going back to the beach yesterday afternoon, but instead remained in the city to shop and to get acquainted generally with Wilmington. Those who heard them talk, feel sure they liked the City by the Sea.

It was the regret of many of the surgeons that President Harahan, of the Seaboard Air Line Railway, was unable to be present to make an address. As a consolation, however, they were delighted to have as a guest Dr. Frank Lewis, of New York City, editor of the International Journal of Surgery, the official journal of the Association. Dr. Lewis did not make any talks to the organization, but as he is to give several prizes to those who presented the best papers, his attention and time was with them and his comradeship was enjoyed.

Savannah, Ga., made an earnest effort to land the next meeting of the Association, but the vote showed Jacksonville in the lead. Wilmington was glad to have these gentlemen here the few days they spent in the city and at Wrightsville Beach and it was evident from their talk that they enjoyed the hospitality shown them and will maintain a warm feeling toward the City by the Sea.

A resolution of thanks was voted to the Seaboard Air Line officials, to Drs. Joseph Akerman and J. C. Wessell, of Wilmington, and W. A. McPhaul, of Lumberton, for efficient service and entertainment; to Mr. A. B. Skelding, general manager of the Tidewater Power Company, for efficiency in transportation service; to Mr. Henry Whyte, local Seaboard agent, for his valuable assistance, and especially to the Seaboard road for the transportation service, and to Mr. H. A. Webber, who had charge of the lunch on board the Wilmington.

The party left the beach last night at 11:15 o'clock, and came to their Pullman cars which left early this morning, on a special train for Hamlet, where breakfast will be given by the Seaboard Air Line Railroad, and the different cars attached to regular trains for all Seaboard points.

Real Estate Transfers.

The following deeds were filed for record yesterday: W. G. James and wife to C. C. Chadbourn, for $100 and other considerations, lot on south side of Market street, 165 feet east of Eighteenth, 7 1-2 by 113 feet in size; W. G. James and wife and Mary C. James to J. D. Edwards and wife, for $100 and other considerations, lot on south side of Market street, 116 feet west of Nineteenth, 7 1-2 by 113 feet in size; Atlantic Realty Company to Geo. H. Hutaff, for $100 and other considerations, several lots at Love Grove and other property, this being a division of the property held by the company which has been dissolved by mutual consent.

Insane Negroes Gives Trouble.

Addie Robinson, the insane negro woman, taken in custody in Wilmington on Tuesday, was carried back to her home in Pender county by her husband yesterday. After taking her out of jail she escaped from him and another negro and ran madly down Market street and had it not been that she was caught by a negro man at the wharf at the foot of Market street would have rushed into the river. Deputy Sheriff Kelly helped her husband to get the woman on the train.

Add sweetness to life by using AMMEN'S TOILET POWDER. It is worth while; get a box at your druggist's, for 25 cents.

MR. CARR MAKES STATEMENT

Chairman of Board of Education Denies This Body is Responsible for Tax Rate Remaining Same.

Chairman J. O. Carr, of the Board of Education, yesterday made a brief statement with reference to the resolution adopted by the board of commissioners to the effect that on account of the school levy remaining the same that that board was forced to fix a total levy of the same amount as last year.

"The special tax rate of 15 cents we were asked to reduce was voted by the people for the education of their children and not for county purposes," Mr. Carr stated. "The chairman of the Board of Commissioners informed me that even if we reduced the school tax 2 1-2 cents, the total county tax would be the same, to wit., $1.10, and in his statement to the public on August 12 he said:

"'Being firmly of the opinion that it is better to make a small levy each year for road work rather than continue to increase the bonded indebtedness of the county, I shall recommend to the Board that a levy of 10 cents for the roads be made. Should such a recommendation be adopted by the the board, and the Board of Education can reduce their rate 2 1-2 cents for school purposes, then the total tax rate will be $1.10, the same as last year.'

"In other words the proposition made to the Board of Education was, that they reduce the amount voted by the people for schools 2 1-2 cents, which would be immdeiately added to the roads in the form of a special road tax.

"We do not believe the public would approve curtailing the work of the schools by reducing the tax to any extent, unless such reduction is a part of a general reduction of the entire tax rate; in fact the Board of Education could be justly condemned for making a reduction of the school tax, voted by the people, and have the same amount at once added to a special county tax rate for other purposes than school, leaving the tax which they have to pay at $1.10 as heretofore.

"We have no controversy with the county in the management of its affairs or the fixing of the tax rate for its needs; but no proposition has been made to us which would in any way reduce the total rate, and the public was notified in advance through the chairman's public statement that even if the Board of Education should reduce its rate 2 1-2 cents, still a special tax would be added for roads which would continue the old rate of $1.10.

"We think if the rate is to remain the same it would be applied to the purpose for which the people voted it, especially when every cent of it is needfor that purpose and a reduction would impair the work of the schools."

LARGE MIRROR SCREEN

To Be Installed in New Theatre of Messrs. Howard and Wells.

Quite a bit of interest was created yesterday afternoon on Front street while the large mirror screen to be installed in the new theatre of Messrs. Howard & Wells was being unloaded in front of the building, and almost all passersby paused to look at the tremendous frame which contained the screen.

This mirror screen is probably the largest single piece of glass ever brought to Wilmington, being something like fourteen feet square and weighing 1,850 pounds. Extreme care in handling is necessary, as the slightest crack would render it useless, and it was necessary to tear away a small portion of the front of the building in order to get it inside.

Mr. Sam E. Miller, special representative of the Mirror Screen Company, is in the city to install the screen, which will probably take several days, owing to its great weight. Fifteen men were required to load it on the trucks at the railroad yesterday morning.

THIRTY DAYS IN DEFAULT.

Recorder Had Busy Day Yesterday. Many Minor Cases Tried.

Recorder B. G. Empie had a busy day yesterday trying minor cases. There was not one in which a sentence was made to imprisonment, but Sonnie Small, colored, was found guilty of trespass, and fined $5 and required to pay the costs, the fine was remitted, but still Sonnie had to go to the roads for 30 days in default of costs.

Maurice Griffin, colored, was given a hearing on a charge of slander and will get another hearing today. Lege Nixon, colored, paid the costs in a case for disorderly conduct. Alice Faires, colored, also paid costs in a case against her for disorderly conduct. W. H. Thomas, tried for violating tax ordinance, will get another hearing on the 28th. Charlie Malloy, tried on a charge of larceny by trick, was found not guilty.

FIELD SECRETARY COMING.

Mr. Karl Lehman, of Boston, to Speak to Christian Endeavorers.

Wilmington Christian Endeavorers will be delighted to know that Mr. Karl Lehman, of Boston, field secretary for the United Society, will be in the city and will speak in St. Andrew's Presbyterian church, corner Fourth and Campbell streets, on Friday evening, August 27th. Members of the Wilmington societies are urged to talk up the meeting and to urge their friends to attend the same.

AT CAROLINA BEACH.

Special Dance Tonight — Big Time Promised All Who Attend.

Carolina Beach patrons will be glad to know that another of the popular special dances will be given at the pavilion tonight and a large crowd is expected. The steamer Wilmington will leave at 7:30 P. M., and will make the return trip at about midnight.

The music for the occasion will be furnished by the Whitlock-West Orchestra, and it goes without saying that this will be one of the most enjoyable affairs of the season at this beach.

Excursion to Newbern.

Preparations are being made to make the Atlantic Coast Line excursion to Newbern, on Labor Day, one of the best of the season, it being the last. The train will leave the union station at 7 a. m. and will leave Newbern on return at 8 p. m. The round trip fare will be $1.25. This is an inexpensive excursion and being the last, will likely be well patronized, especially in that Newbern is a most excellent town in which to spend a day on an outing.

Woolvin Hall, the coolest place in town. Be there tonight. Big wrestling match.

CUTTER LEAVES TODAY NOON

Will Be Gone Until October When Relieved by Itaska—Lieut. Scott in Command.

Today at noon the coast guard cutter Seminole will sail for San Juan, Porto Rico, to enforce neutrality laws, in the absence of the gunboat Paducah, that has been ordered to Haiti to do patrol duty on account of the revolution that is going on there.

The cutter is in charge of Lieut. P. H. Scott, in the absence of Captain Uberroth, who is spending his vacation in the Catskills. Other officers who go from here on the cruise are First Lieutenant of Engineers R. B. Adams, Second Lieut. W. P. Wishaar, Second Lieutenant of Engineers J. B. Orne, Second Lieut. C .E. Aansett, who came yesterday from the Androscoggin at Baltimore; Lieutenant of Engineers Daniels, who arrived here about three weeks ago from Honolulu, Hawaii, and Assistant Surgeon Thomas B. Hughes, of the Public Health Service.

The officers of the cutter who have been here for several years are well known in Wilmington, the cutter itself had become a landmark, and the people as well as the business interests are glad to have the report that the Itaska will relieve her at the Porto Rican port in October and allow the Seminole to return to Wilmington. In the absence of the cutter, the Yamacraw, of the port of Savannah and the Onandaga, of the port of Norfolk, will patrol the Wilmington port.

The order to sail was received Tuesday and hasty preparations have been made for the steaming. It is not likely that the cutter will have to engage in battle, but it is rather hard to figure on what might happen during war times. The men on board the cutter, while hating to leave Wilmington and the pleasant association here, say that they look forward with interest to the prospects of a little "excitement."

COMMUNITY BOYS' SECRETARY

New Undertaking of Y. M. C. A. Placed in Charge of Mr. Odis B. Hinnant September 1.

Through the gift of a friend who wishes to keep his name from the public, the local Y. M. C. A. is able to employ the services of a community boys' secretary. The work will begin September 1 and Mr. Odis B. Hinnant will have the position as secretary. He will be succeeded as building boys' secretary by Mr. C. W. Johnson, a graduate of the Y. M. C. A. training school, who did splendid work at Spartanburg, S. C., Y. M. C. A. the past year. Mr. Johnson has shown ability in handling boys. He will be in Wilmington September 1.

The nature of the community boys' secretary work is to organize the boys into clubs in the different parts of the city and in co-operating in Sunday schools work for the boys. The clubs will be of spiritual, educational, social and physical character in boys training and it is hoped that the parents of the city can be assisted in the better bringing up of boys and that can be brought to see the benefit to be gained by co-operating in the community boys' work. This work is being successfully carried on in many Northern cities. It is being begun in Wilmington on a larger scale than ever before in the South. All the officers of the Y. M. C. A. feel grateful to the big hearted man, who seeks to do his community this great good.

Mr. Hinnant is especially equipped for his position. He is a natural leader among boys and his work as boys' work secretary at the Y. M. C. A. has proved very beneficial. He is now at Silver Bay, N. Y., taking a course at the Y. M. C. A. summer school in preparation for community boys' work. Prior to going there he spent several weeks in Columbia University in New York city.

Mr. J. P. Seitters, who has for some time been physical director at the Y. M. C. A. has accepted the position for another year.

ENCOUNTER ROUGH ROAD

Rev. J. S. Crowley and Dr. J. M. Wells Having Fine Auto Trip.

Rev J. S. Crowley, who with Rev. Dr. J. M. Wells and the latter's sons, Calvin and Thomas, left Wilmington Monday morning in Mr. Crowley's automobile for a trip to Virginia, reached Danville, Va., on Tuesday night. Mr. Crowley in a letter to The Star states that with the exception of some very bad roads they are having a most enjoyable trip. They spent Monday night in Raleigh. Leaving Raleigh bright and early Tuesday morning they were held up in Reidsville on account of the rain.

Mr. Crowley writes that the red hills in that section are so slick during and after a rain that chains have to be used. Soon after leaving Reidsville they took the wrong road and gone four or five miles before they found it out and had to turn back to get to the main road.

"I thought we had some poor roads in New Hanover, Pender and Duplin counties," Mr. Crowley writes, "but these are the worst I ever saw. When we found ourselves we had to retrace some four five miles. How we ever got into the places and through and back again to civilization in an automobile I am not able to understand. I have read of wonderful feats performed and have seen pictures of them but I never dreamed that an automobile could do what mine has done today. However, if we have no trouble with the finding of the way, we shall hope to join Mrs. Crowley and Mrs. Wells in Buena Vista tomorrow.

"Outside of the roads just mentioned, the roads are fine and the nicest trip that I have ever made, and we have enjoyed it. We have not had an accident to mar our pleasure. We are now just beginning to see the real mountains and tomorrow we will cross the Blue Ridge via Lynchburg and Natural Bridge. We are well and ready for a night of rest and hungry for a good meal which we get as we go along."

Infant Son Dies.

Dornell Benjamin Williams, the three-months-old son of Mr. and Mrs. Otto Williams, of East Wilmington, died at their home Tuesday night at 8:30 o'clock. The bereaved parents, who have the tender sympathy of all who know them, had the body taken yesterday afternoon to Jacksonville, N. C., where a burial is to be made this morning.

Delicious Concord Grapes grown at St. Helena—Phone your grocer.

SOUTHERN PRODUCTS AT NORTHERN FAIRS

Atlantic Coast Line Agricultural Exhibit Leaves Today.

Display Will Advertise to World Unrivaled Resources of South—First Stop at Butler, Pa.—Away for Two Months.

A large baggage car packed to overflowing with agricultural products of every description from the six Southern States traversed by the Atlantic Coast Line will leave Wilmington this morning in charge of Mr. G. A. Cardwell, agricultural and immigration agent for this road, and will arrive in Butler, Pa., Saturday morning. The exhibit will be on display at the agricultural fair to be held at that place next week and for the next two months will be shown at leading fairs throughout Pennsylvania, West Virginia, New York and Maryland.

Mr. Cardwell has gotten together an exhibit that will be a revelation to those unacquainted with the unrivaled agricultural resources of the Southern States. There are 86 jars of different kinds of vegetables while a handsome grain display is also shown in jars. The display of forage crops includes Sudan and Natal grass, Egyptian wheat, alfalfa, all the different varieties of clover, kudzu, sorghum and Japan buckwheat. The grain exhibit is believed to be the best ever sent out of the Southern States. The pecan exhibit is one of much interest, dozens of varieties being shown. The cotton and tobacco display will also be one of great interest. Grapes from the Wilmington section, limes, grape fruit, oranges and mangoes from Florida, sugar cane, cane syrup, figs, apples, peaches, huckleberries, dewberries, blackberries, strawberries and other fruits will show the superior advantages of the Southern states as a fruit producing country. The corn exhibit will be unsurpassed, stalks being shown on which there are 12 ears.

Mr. Cardwell is enthusiastic over the display which he has worked so faithfully to get up. He believes in the South and is going out to show her advantages to the people of other sections with a determination to bring settlers to this part of the country.

Mr. Cardwell wishes to thank Capt. Edgar D. Williams, the owner of "The Maples," who has worked early and late in helping to get up the exhibit. Captain Williams is able to give a concrete illustration on his farm of the marvelous agricultural resources of this section. Having by experience learned what can be done and being engaged in the pleasing occupation of accomplishing results that have been surprising even to the most optimistic he is anxious to let other people know about it. Mr. Cardwell also wishes to thank others who have contributed to the display which is the best ever sent out by the Atlantic Coast Line.

Mr. Cardwell intends upon his return to put the exhibition on display in Wilmington and it is certain that if he does it will be viewed with much interest by hundreds of people in this section.

Mr. Cardwell will be accompanied on the trip by Mr. G. H. Coyle, his chief clerk, and Mr. E. Cliff Cohen, traveling passenger agent of this road with headquarters in Washington, D. C. Mr. E. B. O'Kelley, assistant agricultural and immigration agent, of Jacksonville, Fla., will also be with Mr. Cardwell for a part of the tour. The exhibit is sent out by the Agricultural and Immigration Department of the Atlantic Coast Line under the direction of Mr. W. J. Craig, general traffic manager of the system.

Following is the itinerary of the fairs that will be visited: Butler, Pa., August 24th-27th; Exposition Park, Pa., August 31st to September 3rd; Wheeling, W. Va., September 6th to 10th; Syracuse, N. Y., September 13th to 18th; Allentown, Pa., September 21st to 24th; Lancaster, Pa., September 28th to October 1st; York, Pa., October 4th to 8th; Hagerstown, Md., October 12th to 15th.

CO-OPERATION IN SECURING NEW BUSINESS ENTERPRISES.

Chamber of Commerce Appreciates Aid of Board of Commissioners.

The Wilmington Chamber of Commerce is taking active steps to co-operate with the Board of County Commissioners in securing new manufacturing enterprises for Wilmington to be located on the county property, on Smith's Creek. Some time ago it was suggested to the Commissioners by the Rotary Club that it would be a good idea to have the property on Smith's creek, which is owned by the county, surveyed and laid off in sites, suitable for manufacturing purposes, and to sell these at reasonable prices with a view to encouraging the coming of new enterprises.

The Commissioners were pleased with the suggestion and at once took steps to this end. The Chamber of Commerce has several prospects in sight and is working in co-operation with the Commissioners to procure for interested persons suitable sites at reasonable prices.

At a meeting of the executive committee of the Chamber this week appreciation of the steps taken by the Board of Commissioners was expressed and it was decided to make an earnest effort to secure new enterprises for the city.

Through the Wilmington Chamber of Commerce, Mr. W. J. Norris, of Holly Springs, secured a site on Smith's creek for locating a saw and planing mill. He has now practically completed his plant and will begin operations next week.

The plant of the Atlantic Coast Veneering Company, which recently went into the hands of a receiver, will resume operations also next week. This plant has been closed for several weeks. Mr. Geo. H. Hutaff is receiver for the company and has been given authority by the court to keep the plant going. It is located on Smith's creek and is one of the new enterprises for Wilmington. Besides the veneering work done, an extensive business in the manufacturing of baskets is also done.

Both these plants are located on the opposite side of the creek from the county property. There are a number of other manufacturing plants on the creek which are actively engaged.

The special committee from the County Commissioners in charge of the matter of encouraging new enterprises is composed of Commissioners Moore, Willard and Kerr. Mr. Moore is also a member of the committee of the Chamber of Commerce on Manufacturing and Business Enterprises.

VISITING AUTOMOBILISTS DO NOT PAY CITY LICENSE

Policemen Have Instructions Not to Molest Them, Says Chief Williams.

Relative to an editorial in this week's issue of The Weekly Guide, published at Dunn, in which there is an editorial bristling with vitriolic flings at the City by the Sea because, it is stated, a visiting automobilist from that place was held up in Wilmington and made to pay a license of $1, Chief of Police Williams said last night that he knew nothing about any visitor being required to pay a city tax for his automobile.

While there is a city ordinance requiring owners of automobiles to pay a yearly license tax of $1, this applies only to city residents and not to visitors. Hundreds of automobiles come to Wilmington every year and they are always welcomed. Chief Williams says that policemen have strict instructions not to arrest visiting automobilists because of failure to have a city license.

Chief Williams said that it might have happened that the gentleman from Dunn failed to state that he was a visitor and for that reason, having no license, may have been required to appear before the Recorder.

Editor Pittman asks the papers of the State to join him in condemning the practice, as he says, of charging automobilists visiting Wilmington a license tax.

Wilmington long known as one of the most hospitable cities to be found anywhere, of course, does not appreciate the kind of publicity the Dunn editor is giving and, if his complaint has just ground, steps will certainly be taken to correct it. The editorial in part follows:

"We have heard and read of some fool laws in this good State, but they have one in Wilmington that passes the limit. The Fish and Salt Water City of the State, we are informed, and that by a man that has paid the price, that requires every man that drives an automobile into the city, to pay a license of $1. People throughout the State frequently drive down to Wilmington on their cars to spend a few days at the beach and when they get into Wilmington they are held up and required to pay the tax. The gentleman from Dunn went down on his car and was held up by a police officer and required to appear before the Recorder the next day, and was thus kept over for an entire day before he was allowed to depart. This is beyond anything we have read of and a splendid city like Wilmington and her resorts draw largely from the people of this state, thousands of dollars being spent there each season, and this law looks like a public holdup in order to draw an extra dollar. The dollar is not much, it is true, but the idea of holding automobiles up that have paid the State license when they visit Wilmington. If Wilmington keeps up this then the people of the State should turn their pleasure seeking to other resorts and leave them alone, for we do not know of another resort that has a law like this."

NINE BABIES IN HOSPITAL

Those Receiving Treatment at Bear Annex Are Doing Well.

Nine babies are now being cared for at the baby hospital which is being conducted in the Bear Annex to the James Walker Memorial Hospital, and a report yestedray stated that they all are doing as well as could be expected. The work has been growing steadily since its establishment in the latter part of June when the public spirited people of Wilmington donated enough to establish it for the summer and the results are gratifying to those who have its best interests at heart.

Recent donations include: Cash, $25; a friend, $5; a friend, $1; three dozen cans of Mennen's Talcum powder from the factory at Newark, N. J.

FOR THAT TIRED FEELING

'Take Horsford's Acid Phosphate

Excellent for the relief and prevention of exhaustion due to Summer heat, overwork or insomnia.

Mid-week dance at Carolina Beach tomorrow night. Whitlock-West Orchestra.

TRADE AT HOME

Give the Local Merchant the benefit of your trade, and by so doing keep money at home.

No community can prosper by foreign buying.

The secret of community prosperity is to sell more to the outsider than the outsider sells to us, thus making the trade balance run in our favor.

This policy brings in more wealth than goes out, and constantly adds to local resources.

It makes better business, higher wages, and a more prosperous community.

We are interested in any movement that looks to local improvement, and recommend the Buy at Home Policy for the general good.

Many Kinds of Rheumatism One Sure Mode of Treatment

Authorities Say Don't Use Liniments. Treat It Through the Blood. You Can't Rub It Out!

Whether your trouble is Sciatica, Lumbago or the dreaded Articular Rheumatism, the answer is the same. You must treat it through the blood. That is the only way to rid the system of uric acid, purify the blood and revitalize the nerves. If the blood is freed from impurities, Rheumatism must go. This in short is the exact knowledge gained by the research laboratories of the S. S. S. Co., in Atlanta. There tests have been made for fifty years. They know what Rheumatism is. They know that S. S. S., the remarkable blood tonic, which they originated, will relieve you of Rheumatism. Take S. S. S. today. The complete recovery of thousands of sufferers by the use of S. S. S. is positive proof that you can be relieved. S. S. S. is a blood tonic—a purifier that restores the blood, revitalizes it, cleanses it, makes it pure as it was before it became poisoned with impurities. S. S. S. gives it strength to drive out these impurities—the uric acid and organic poison and with it the Rheumatism. Get S. S. S. at your druggist's. If you need special advice, write to S. S. S. Co., Atlanta, Ga.

SOCIAL and PERSONAL

Mrs. E. G. Mills has returned from a visit with friends at Rockingham.

• • •

Mrs. W. H. Cox and Miss Josephine Harriss left yesterday for Durham, where they will visit Mr. and Mrs. I. J. Cox.

• • •

Mrs. L. Parker left yesterday afternoon for Asheville, where she will join Mr. Parker to spend the rest of the summer.

• • •

Misses Eliza and Ellen Bellamy leave this evening for Saratoga Springs, New York, to spend the remainder of the summer.

• • •

Wadesboro Ansonian: "Capt. W. B. Williams and daughter, Miss Marian, of Wilmington, spent Thursday and Friday with Mr. and Mrs. D. L. Smith."

• • •

Mrs. Ruby Parker has gone to Asheville to join her husband, with whom she will spend the remainder of the summer.

• • •

Miss Mattie Grimsley, of Sites, is the guest of Mr. and Mrs. E. J. Grimsley, No. 1010 North Fourth street.

• • •

Mrs. Andrew Smith and Miss Bertha Smith have returned from New York, where they spent the past several weeks.

• • •

Miss Annie Hunter Fonveille and Miss Eleanor Edmundson, of Goldsboro, are visiting Mrs. L. W. Moore, No. 1820 Market street.

• • •

Yesterday's Raleigh News and Observer: "Dr. and Mrs. J. B. Cranmer and two children, of Wilmington, came over from Chapel Hill yesterday morning and left for Wilmington after spending several hours in the city."

• • •

Mr. J. S. Rourk, after visiting friends and relatives in Wilmington and Southport, has gone to New York for a short stay, and will go from there to his home in Montreal, Canada. Mrs. Rourk and daughter will remain in Wilmington for a short while longer.

• • •

Mrs. C. P. Bolles and children, who have been spending the summer at Carolina Beach, have returned to their home in the city at No. 119 Nun street. Miss Annabel DeVane, of Red Springs, who has been a guest of Mrs. Bolles for the past week, will spend some time with her in the city.

• • •

Mr. Julius Sandlin and Miss Magdeline E. Johnson, daughter of Mrs. Naomia Johnson, were married last night at 9 o'clock, at the parsonage of Grace Methodist church, the ceremony being performed by Rev. J. D. Bundy. The ceremony was witnessed by only a few friends. Mr. and Mrs. Sandlin will make their home at No. 701 North Third street. Mr. Sandlin is employed at Warren's Cigar Store, and has many friends in the city. His bride is very popular with all who know her.

• • •

An event of much interest to their friends was the marriage yesterday afternoon of Miss Bessie J. Harvey, daughter of Rev. and Mrs. J. W. S. Harvey, of this city, to Mr. Julius A. Parker, of Jasksonville, Fla., solemnized at the home of the bride, Rev. J. P .King officiating. The wedding was a quiet affair. Mr. and Mrs. Parker, who are the recipients of many symbols of the high esteem in which they are held by their many friends, will make their home in Jacksonville.

• • •

Warsaw, N. C., Aug. 18.—Mrs. J. C. D. Herring was hostess to the Ladies' Aid Society of the Baptist church when she entertained them with a most enjoyable silver tea for the benefit of the parsonage fund at her home Tuesday afternoon from 5 till 7. The forty guests were entertained in the reception hall, where a color scheme in the decorations was effected by means of yellow canvas and golden glow. After a pleasant hour, the hostess, assisted by Misses Maggie Bowden, Margaret Kennedy, Annie Carroll, Emma Willard, Fannie and Aldina Best, served delightful refreshments.

• • •

POPULAR DUPLIN COUPLE SURPRISE THEIR FRIENDS.

Magnolia, N. C., Aug. 18.—The people of Duplin county and Magnolia were very pleasantly surprised to hear of the marriage of Miss Delilah Cooper, of Kenansville, to Mr. Leslie D. Dail, of this place. The marriage took place at the home of the bride in Kenansville, Tuesday evening at 7:30 o'clock. It was a very quiet affair. Only the immediate families and a very few of their most intimate friends were present.

After the ceremony, the young people motored to Magnolia, where they caught the North-bound train for Atlantic City and ather Northern points. Upon their return they will be at home to their friends in Magnolia.

Miss Cooper is the daughter of Mr. L. M. Cooper, of Kenansville. She is very popular throughout this section, being one of Duplin's prettiest and most accomplished daughters.

Mr. Dail, the son of Mr. Henry Dail, Sr., a prominent planter of Duplin county, has been for the past two years cashier of the Bank of Magnolia. He has filled this position very successfully. During his sojourn here he has made a host of friends, who wish him and his bride every success possible.

• • •

MOST BRILLIANT DANCE IN YEARS GIVEN AT WARSAW

Warsaw, N. C., August 18. — The most brilliant dance here in years was the Bal Masque given in the new Anderson Prize House Monday evening. The main floor presented a scene of rare beauty with elaborate decorations of bamboo, Southern Pine and Ferns, while numbers of Japanese lights shed a softened glow and illuminated the scene within and without. The various costumes of the masqueraders added another touch of beauty and in some instances ludicrousness to the scene. The most effective of these were: Misses Sallie Bowden, as Colonial girl; Erwin Carter, as Turkish maiden; Anna Pierce as bride; Florence Butler as Priscilla; Willibelle Jordan as bear, and Mary Carroll as keeper; Margaret Best, Louise Anderson and Bettie Hunter as fairies; Mrs. J. H. Newbury as Night; Messrs. J. H. Newbury, as a nurse, and Harry Woodard as a baby in a go-cart; R. D. Johnson as Uncle Sam; Virginius Williams as Sir Roger de Coverly; Dudley Hill as member of Ku Klux; Joe Bland as Little Boy Blue; W. H. Williams as Buster Brown; Dr. Hicks Williams as U. S. Soldier, and Fitzhugh Whitfield as Brigadier General.

Both the old dances and modern one-steps, etc., were enjoyed until an early hour of the morning. Among those dancing were: Misses Sallie Bowden, with R. D. Johnson; Anna Pierce, with Dudley Hill; Helen Fonveille, with J. Bright Hill; Ella Brown, with Fitzhugh Whitfield of Clinton; Margaret Barden, with James Faison; Louise Anderson, with Joe Bland; Bettie Hunter, with John S. Williams; Susie Faison, with Frank Fonveille; Miss Margaret Smith of Goldsboro, with V. F. Williams; Mary Dorth of Goldsboro, with Dr. Hicks Williams of Faison; Margaret Best, with C. L. Mallard; Erwin Carter of Wilson, with Fitzhugh Wallace of Kenansville; Elizabeth Moore, with W. H. Williams; Maggie Bowden, with Mr. Rogers; Isabel Faison of Goldsboro, with Jennings Williams, as a very lifelike George Washington; Bowden Loftin, with A. L. Pridgen; Miss Florence Butler of Washington, D. C., with Henry Stevens; Dixie Faison of Goldsboro, with Thos. Borden; Mattie Hines, with E. J. Hill; Sallie Hussey, with Mosely Chestnutt; Sallie Hill, with Mosely Faison; Lou Mitchell, Faison, with Stuart Bethune; Ella Mallard of Kenansville, with Harry Woodard; Huldah Slaughter of Goldsboro, with Paul Edmunson; Lanie Hales, with Chas. Thompson; Margaret Kennedy, with Robert Bryan of Pekin, China; Ethel Miller of Goldsboro, with Donald Cobb; Mary Micheaux of Goldsboro, with William Royall of Goldsboro; Mrs. H. F. Pierce, with Mr. Pierce; Mrs. D. E. Best, with Mr. Best; Miss Helen Williams, with W. B. Whiteside; Mrs. J. H. Newbury, with Dr. Newbury; Mrs. J. T. Gresham, with Mr. Gresham. Stags: Gaston Dortch, Robert Powel, Cederic Edgerton, Matt Allen, Emmit Robinson and J. F. Thompson of Goldsboro; Francis and Mosely Chestnutt, Grady Robinson and James Barbrey of Clinton; Jno. R. Croom, Magnolia; Elwood Tate, New York; Z. V. Woodard, Richmond; J. E. Williams and Edward Howden. Patronesses: Mesdames A. H. Anderson, W. L. Hill, C. F. Carroll, Leonidas Faison, J. H. Pierce, J. H. Carter and S. R. Flowers, of Warsaw, and Marshall Williams, of Faison.

Music was furnished by Blackburn's Orchestra, of Goldsboro, and a delicious supper served at midnight.

WRIGHTSVILLE BEACH

Mr. and Mrs. J. H. McRae are visiting New York and other Northern cities.

Mrs. C. L. Pridgen has returned home after a stay of four weeks in the mountains near North Wilkesboro.

Miss Edna Thompson, daughter of Rev. L. E. Thompson, is visiting her grandmother at Lexington.

Miss Lucile Boushee is visiting her cousin, Miss Clara Atkins, of Fayetteville.

Misses Eliza and Ellen Bellamy left yesterday for Saratoga Springs, N. Y., where they will be gone for the summer.

Mrs. A. B. Capps and daughter, Miss Henry, of Rocky Mount, are visiting Mrs. Capps' brother, Mr. T. J. Brewer, No. 9 North Seventeenth street.

Among yesterday's arrivals at the Hanover Inn were Mr. and Mrs. P. F. Callahan, Decatur, Ga.; Mr. and Mrs. C. D. Moore and children, Statesville; Mr. and Mrs. J. M. Sheaus and children, Atlanta; Dr. H. T. Pope and family, Lumberton.

Mrs. Frank Pearson will delight her many friends at the beach and in Wilmington by singing again at Lumina tonight. She was heard by large audiences last Sunday and they were greatly pleased to find that she sings even better than in past summers when she has appeared at the beach.

This will be "stunt" night at Lumina and a number of novelty events are scheduled to take place the audience has the promise of much real fun. A number of prizes will be given and the boys and young men who will take part will provide much merriment for the large crowd that is expected to attend. This entertainment will not interfere with the regular dancing which is always a popular feature at Lumina. There will be the usual splendid music by the Don Richardson orchestra.

Arrivals at the Seashore Hotel yesterday included Mr. and Mrs. W. T. Key, Chipley, Ga.; C. T. Wiley, South Circle, Ga.; Mr. and Mrs. R. W. Williams and Harry Hill, Atlanta; Ralph E. Thomas, Atlanta; Miss Maude Fisher, Macon, Ga.; Misses Agnes L. Jones and Loverna Jones, Atlanta; Dr. C. M. Strong, Charlotte; W. F. Baker, Atlanta; Miss Alice Terry, S. Baxter and R. D. Doe, Griffin, Ga.; L. G. Moore, Newbern; Miss Kate Perry, Mt. Olive; Mr. and Mrs. W. H. Newell, Rocky Mount; Miss Helen Sasnett, Atlanta.

The picture film service for Lumina is so arranged that on two night every week only single reel subjects are shown. These nights are Thursdays and Saturdays. For tonight the programme, containing three single-reel features is an unusually good one. It includes "A Romance of Old California," a Biograph love drama featuring Mary Malatesta, Marie Newton, Joseph McDermott and Ivan Christy. "A Countless Count," an Essanay comedy showing how a professed count endeavors to win the affection of an American heiress, is another of the features. And then there is an interesting Hearst-Selig News in which are shown the Indianapolis auto races; how ships are blown up by mines, and other novel features. This is said to be the best news film that has been run at Lumina this season.

"CHARLIE CHAPLIN" NIGHT AT LUMINA GREAT SUCCESS.

Excelling anything in the way of fun and amusement that has been given at Lumina this season, "Charlie Chaplin" night was declared by the large audience present last night to have been a splendid success. "Charlie Chaplin" hats, mustaches and canes were given the men who took part in the novelty entertainment and there were 150 of these. An impromptu contest in which 25 men took part was the feature of the evening. Each one of the men marched around the floor giving an imitation of the real Chuplin and the clever manner in which this was done brought down the house. Mr. Charles Bergen was awarded the prize for giving the best imitation, while Mr. George Harrell and Mr. Moore were accorded the honor of being the next best imitators of the inimitable fun maker of the movies.

Latest arrivals at the Oceanic Hotel include Mrs. Walker Stancil and son, Memphis, Tenn.; W. C. Hines, Columbia, S. C.; E. B. Link, Leakesville, N. C.; J. A. Parker and family, Goldsboro; J. W. Bugh and wife and S. V. Prades, New Orleans; W. V. McCall, Perry, Ga.; T. F. Davis, Columbia; G. B. Caldwell, Monroe; E. C. Schillas, Baltimore; B. G. Jordan, Macon, Ga.; J. C. Robinson, L. A. Bailer and C. A. Shivers, Atlanta; H. C. Friedman, Washington, D. C.; R. Y. McPherson, Raleigh; F. P. Bynum, Charlotte; Mrs. W. D. Cochran, Newton; Mrs. J. F. Filligan, Atlanta; Mrs. Geo. W. Howard, College Park, Ga.; Miss Mary Hardage, W. S. Williams, Miss Victoria Williams, Mrs. Ephie Williams, Atlanta; Miss Annie Terry, R. B. Dougherty, L. Baxter and C. G. Zachry, Griffin, Ga.; Ernest Stripling, R. V. Forrester, R. S. Heard, West Point, Ga.; Mr. and Mrs. C. S. Compton, M. D. Baldwin, Atlanta; Mr. and Mrs. P. T. Beats, Mrs. J. W. Moore, Miss E. Darsey and John W. Collier and family, Athens, Ga.; Mr. and Mrs. F. P. Gibbs, Mr. and Mrs. J. W. Bryant and L. M. Thacker, Atlanta; R. L. Stanford, R. S. Stanford and J. T. Swint, Newnan, Ga.; D. E. Bond, B. C. Bond, Mrs. D. E. Bond and Leah Bond, Lithenia, Ga.; Mrs. L. M. Thacker, R. E. Lamar, H. J. Wolford, Atlanta; Ben G. Jordan, Macon; H. W. Kyler, Athens.

PERSONAL PARAGRAPHS.

—Mr. W. M. Creasy returned yesterday from a business trip to Savannah, Ga., and Jacksonville, Fla.

—Mr. J. P. Mitchell, who has been spending his vacation at Reidsville, N. C., has returned to the city.

Mr. T. Larry Gantt, of Ellisville, Miss., formerly of South Carolina, and a few years ago at Whiteville, N. C., is spending a few days in the city, at the Wilmington Annex.

Yesterday's Raleigh News and Observer: "Mr. Vance Norwood, of Wilmington, was here yesterday. He left for Hendersonville yesterday afternoon to visit his parents there."

LOCAL DOTS.

—Quite a large crowd went down to Carolina Beach yesterday on the Red Men's excursion, and had a most enjoyable day at this beach, although it was rather cool.

—Richard Bradley, colored, was arrested yesterday by County Officer H. Mack Godwin, on a warrant charging the negro with an assault on a female. He gave bond for his appearance before Justice Harriss today.

—Lizzie Robinson, colored, who is charged with the larceny of a skirt from Sarah Carr, also colored, was placed under arrest yesterday by County Officer H. Mack Godwin, and gave bond for her appearance before Justice Harriss today.

—Mr. J. P. Green has entered a 28 1-2 pound channel bass as a contestant for the silver cup, offered by the Wilmington Beach Corporation and the Hanover Fishing Club for the biggest channel bass caught at Wilmington Beach.

—Suit was started in Superior Court yesterday by the Southern National Bank against the Atlantic Trust and Banking Company, Charles W. Patterson and C. N. Evans. Hon. John D. Bellamy represents the plaintiff. No complaint was filed.

—James Swindell, colored, is being held at the police station on a charge of beating Cornelia Howe, also colored, at her home last night. The woman alleges that he stole a hat and some other things fro mher last May. He was arrested by Plainclothesmen Frank George and B. W. Jacobs.

Toledo, Aug. 18.—The American Federation of Catholic Societies closed its sessions here today by re-electing John Whalen, of New York, president, and selecting New York for the 1916 convention. The finance committee's report today showed receipts for the past year $8,351.52 and disbursements $6,585.51.

WILL INVESTIGATE FRANK'S LYNCHING

(Continued From Page One.)

sale here today, but said he was powerless to stop the venders who had obtained a license to sell them. Three such licenses were issued. Mr. Ragsdale said no more licenses would be given out.

One statement published here today quoted a citizen of Marietta, whose name was kept secret, but who was said to be in position to know, as follows:

Scheme Well Perfected.

"Ever since Governor Slaton commuted the sence of Frank, the hanging had been in process of formulation. There was not a missing thread from the fabric of the perfected scheme when the twenty-five men set out early Monday night for Milledgeville.

"Meetings were held in a spot so conspicuous that you would be astonished to hear its name called. A leader was chosen, a man who bears as reputable a name as you would hear in any lawful community. Hundreds of men would have obeyed him.

"The twenty-five men chosen, although this was not the entire number available, were business-like as well as determined. Like business ventures they would not go into it without first knowing every lay of the ground.

"Advance men were sent to Milledgeville where they made thorough observations of the prison and its surroundings, which included barbed wire entanglements, and acquainted themselves with the telegraph and telephone connections.

"On Monday night two men were sent in advance of the main body. They reconnoitered, and several telegraph and telephone connection with the prison, so that authorities in the surrounding territory could not be notified and intercept them as they carried Frank to his place of death.

"It was originally planned to take Frank to the cemetery in which Mary Phagan's body is buried but daybreak overtook the captors. There was no little dissension over the proposal to hold the lynching in the woods where it took place, but a word from the mob's leader silenced all opposition."

Asked to recount the actual hanging of Frank and what happened, he is said to have replied, "Nobody ever will know that outside of men who were actually present."

"Not even what Frank said?"

Frank Didn't confess.

"He never confessed," was the concluding answer, according to the published account.

Identification by Handcuffs.

R. E. Davison, chairman of the state prison commission, announced today that the identity of one member of the mob might be disclosed through a pair of handcuffs left on the wrists of Superintendent Burke of the prison farm. Mr. Davison said they bore the serial number of the manufacturer and that he had been informed the name of the original purchaser could be obtained by that means.

CASKET SEEN AT GREENSBORO.

Unusually Large Crowd at Station When Frank Train Passed.

(Special Star Correspondence.)

Greensboro, N. C., Aug. 18.—The body of Leo M. Frank, who was lynched near Marietta, Ga., yesterday, was carried through here today on Southern passenger train No. 36 on the way from Atlanta to Brooklyn for burial. Accompanying the body were Mrs. Frank and relatives and friends. There was a party of the curious about the passenger station, in addition to the usual crowd, but those who were curious had little opportunity for gratification. The train stopped here ten minutes. The casket could be seen in the baggage coach. The widow and other members of the funeral party were in a Pullman car.

ASKS BURNS' HELP.

Marietta Chief of Police Wires Him and Asks Aid in Investigation.

Marietta, Ga., Aug. 18.—H. H. Looney, chief of police of Marietta, today sent the following telegram to William J. Burns, the detective employed for a time by the defense in the Frank trial.

"Leo Frank lynched here yesterday. Come quick. Help investigate."

Many citizens here resented activities of detectives employed by Frank during his trial and in the case of Burns there was a demonstration hostile to him when he left town. Looney's message is not interpreted here as a bona fide call for assistance.

GERMANS TAKE KOVNO AND OPEN THE ROAD TO PETROGRAD RAILWAY

(Continued from Page One.)

after killing the Italian officer and three men and wounding three others, it was officially announced today.

FIVE VESSELS SUNK

One Spanish Steamer and Three British Steamers and Trawler Sunk.

London, Aug. 18.—The British steamer Bonny, 2,702 tons gross have been sunk. Twenty-one of the crew of the former vessel, and eight of the latter were picked up.

The British steamships Thornfield, 488 tons gross, of Liverpool, and Maggie, 284 tons gross, of Preston, and the trawler George also have been sunk. The crews were saved.

GREEK DEMONSTRATIONS

Occurring Against the New Note of the Entente Powers.

Berlin, Aug. 18 (by Wireless to Tuckerton).—A Soloniki dispatch to the Berliner Tageblatt says:

"Throughout Greece street demonstrations are occurring against the new note of the entente powers. The popular excitement is growing and it is regarded as possible that the Gournaris and Kenazelos party may unite in a common policy."

WAR MINISTERS VIEW LINE.

Kitchener and Millerand Make Joint Inspection of Part of Western Army.

Paris, August 18. — A joint inspection of parts of the Western battle line was made Monday by Lord Kitchener, Great Britain's secretary of war, and Alexandre Millerand, the French war minister. An official note giving details of the trip, says Lord Kitchener and M. Millerand were greatly impressed by the splendid appearance of the troops and their high morale.

Speaking at the close of a dinner Tuesday evening, M. Millerand declared he felt highly honored by Lord Kitchener's visit to France, and was glad to learn from the British field marshal's own lips of the complete accord uniting the two nations.

"After a year of war, the enemy no longer has illusions of winning," he said. He predicts internal dissensions amgno his enemies, which he hopes will occur.

"Let me assure you, France is united. People, parliament and government never have been more firmly determined, in close accord with our heroic and faithful allies, never to lay down our arms until the day arrives when we shall have attained our goal."

Lord Kitchener thanked M. Millerand for his kindness in extending an invitation to visit the French front, and said that after seeing the splendid troops of General Joffre he could understand the French victories. He closed by declaring that Great Britain was resolved to make the greatest possible effort to aid France, and to carry the war to a finish.

London, August 18. — The Swedish steamer Narvik, from Philadelphia July 29 for Stockholm; the Norwegian steamer Stryn, from Baltimore July 28 for Malmo, and the Norwegian steamer Helga, from New Orleans July 17 for Aalborg, all of which were detained at Kirkwall, have been released.

Hear Mrs. Pearson at Lumina tonight, 9:15 o'clock. (Advertisement.)

FINANCIAL AND COMMERCIAL

COTTON MADE AN ADVANCE

Much Steadier Tone Inspired by Absence Southern Offerings and Apprehension of Storm Damage.

New York, Aug. 18.—Cotton showed a much steadier tone today on covering. Foreign buying and local support, apparently inspired by continued absence of Southern offerings and apprehension of a delayed new crop movement or damage in the Southwest as a result of the storm. The close was steady at a net advance of 11 to 13 points. Local traders seemed to pay little attention to relatively firm cables at the start, but after opening one point down to two up the market turned firmer on reports that the heavy rains reported in Texas had been accompanied by high winds which might have damaged open cotton. The readiness of the market to advance on that factor had been pretty well discounted and buyers became more confident with prices working up to a net gain of some 9 to 11 points before publication of the weekly weather report. This statement read favorably as to the effect of the recent rains in Eastern and Central belts and checked buying but no important selling pressure developed and after reactions of 3 or 4 points the market again firmed up, reaching the best point of the day in the late trading when active months sold 11 to 13 points net higher.

Closing prices were at practically the best and there was a renewal of foreign buying in the late trading presumably to undue straddles. The selling for southwestern account which was beginning to develop here toward the end of last week has not been in evidence since the appearance of the storm and while the withdrawal of offerings may be partly due to an interrupted wire service, there has been some modification of ideas as to the extent of early new crop receipts.

NEW ORLEANS COTTON.

Rumors of Storm Damage to Crop Put Prices on the Advance.

New Orleans, Aug. 18.—Rumors regarding the damage done by the tropical storm put cotton up today. In early trading there was the usual talk about benefits from the rain offsetting wind damage, but as the day grew older uneasiness increased over the meagre reports coming from Texas, shorts started covering and fresh long buying came in. Late in the session the conviction was forced that some damage had been done to cotton fields and there was also the possibility that stocks at Galveston and other points had been scattered or damaged. The close was within a point of the highest, a net gain of 15 to 17 points.

Futures closed steady at net advance of 15 to 17 points: October 9.25; December 9.52; January 9.65; March 9.88; May 10.09.

Spot firm, unchanged; sales on the spot 300 bales; to arrive 185; middling 8.00.

LIVERPOOL COTTON MARKET.

Liverpool, Aug. 18. — Spot cotton, easier; good middling, 5.75; middling, 5.45; low middling, 4.99; sales, 10,000; for speculation and export, 500. Receipts, 14,000.

Futures, quie and steady. August, 5.36½; August-September, 5.36½; September-October, 5.39; October-November, 5.45½; November-December, 5.50; December-January, 5.54½; January-February, 5.58½; February-March, 5.62½; March-April, 5.66½; April-May, 5.70; May-June, 5.73; June-July, 5.76; July-August, 5.79; August-September, 5.82.

COTTON SEED OIL MARKET.

New York, Aug. 18. — Cotton seed oil was lower again today under scattered liquidation, free offerings of crude and selling by refiners. Final prices were 10 to 18 points net lower. Sales, 16,600 barrels. Prime crude, nominal; prime summer yellow, spot, 5.30; August, 5.43; September, 5.42; October, 5.56; November, 5.55; December, 5.56; January, 5.67; February, 5.73; March, 5.86. Prime winter yellow, 5.75@6.75; prime summer white, 5.50@6.00.

NEW YORK DRY GOODS.

New York, August 18. — Wool goods were firm today and business on men's wear and dress goods was better than for some time past. Hosiery sould well for export. Cotton goods were quiet, and yarns steady. Laces and embroideries were dull. Worsted yarns were more active, with prices firmer.

WHEAT PRICES UNSETTLED

Bearish Reports From Spring Crops Practically Offset Possible Damage by Heavy Rains.

Chicago, Aug. 18. — Extremely bearish reports from the Spring crop region, including the Canadian Northwest, acted in the wheat market today as almost a complete offset for heavy rains over Kansas, Missouri and Nebraska. Prices closed unsettled, September at 1.06 and December at 1.05⅝; with the range as a whole ½c. down to ¼@¼ up, compared with last night. Corn gained ⅜@⅝@½ to ⅝c. net. Oats finished at ¼c. decline to ⅛@⅜ advance, and provisions at a rise of 5 to 17½c.

Grain and Provisions closing:

Wheat—September, 1.06; December, 1.05⅝.

Corn—September, 75¼; December, 64.

Oats — September, 39⅛; December, 38⅝.

Pork — September, 13.57; October, 13.70.

Lard—September, 7.95; October, 9.02.

Ribs—September, 8.65; October, 8.72.

Cash grain:

Wheat—No. 2, red, 1.11¼@1.12½. No. 2, hard, 1.13@1.15.

Corn—No. 2, yellow, 82@82½.

WAR ISSUES RULED STOCKS

Absorbed Bulk of Speculative Attention—Investment Shares Either Reactionary or Irregular.

New York, Aug. 18.—Stocks pursued their familiar course today, the so-called war specialties and affiliated issues absorbing the bulk of speculative attention, to the exclusion of investment shares, which were either reactionary or irregular. Fully 60 per cent of the total overturn of 998,000 shares consisted of United States Steel which made the new high price of 77 5-8 for the present movement, together with Westinghouse, American Can, Crucible Steel, New York Airbrake and the Allis Chalmers issues.

There were some highly erratic movements in others of this group, Bethlehem Steel recording an early decline of 11 1-2 from which it later rose almost 20 points. Some of the better known industrials were assisted by receipt of further large foreign orders.

Dealings in railways were negligible, the only noteworthy exception being Chicago, Rock Island & Pacific Railway, which rose two points, probably on the arraignment of the Commerce Commission against the old Rock Island company, thereby offering thereby oeringff hope of restitution suits. Most of the high priced transportation stocks were lower, largely as a result of the heavier tone of Americans abroad. London again sold American stocks and bonds here, offerings of the latter securities being accepted as a consequence of the tense situation.

Exchange rates on the principal European centers strengthened decidedly, but failed to retain all their advantage. It is taken for granted arrangements are in progress of completion for establishment of the British and French credits here.

The bond market was lower in the main with some strength in mercantile Marine 4 1-2s, and the copper convertible issues. Total sales, par value, aggregated $3,175,000. United States bonds were unchanged on call.

UNSETTLED WEATHER CONTINUES.

Tropical Storm Moving Slowly Northward—Weather is Cooler.

The local weather bureau yesterday had the following with regard to weather conditions in this section:

"The tropical storm continues over Texas and is apparently moving slowly northward, with heavy rains and severe gales.

"Rains have been almost general in the southern and central sections, and there have been local showers in the Northeast.

"An extensive high pressure area has overspread the North, with somewhat cooler weather Southward into the interior.

"Unsettled weather will continue in this section tonight and Thursday, with probably local rains.

"The winds will be moderate northeasterly."

STATE OF NORTH CAROLINA, COUNTY OF NEW HANOVER.

By virtue and in pursuance of a power of sale contained in a certain mortgage deed executed by Sabina Judicki to William Gregerson, on the 23d day of June, A. D. 1914, and duly recorded in book 78, page 362 et. seq. in the office of the Register of Deeds of New Hanover County, the undersigned mortgagee will expose for sale to the highest bidder, for cash, at the Court House door in the City of Wilmington, County of New Hanover, and State of North Carolina, on the 31st day of August, A. D. 1915, at twelve o'clock M., the following described tract, piece or parcel of land lying, being and situate in Cape Fear Township, County of New Hanover and State of North Carolina and bounded and described as follows:

BEGINNING at a point in the northerly line of Marathon Avenue where said line crosses the center of the Branch known as Rocky Run and down and with the meanders of said Rocky Run following the senter of said run to the mouth thereof, where it empties into Prince George Creek, thence in a westerly direction down and with the run of Prince George Creek, following the meanders of the Southerly bank thereof, to a point where the dividing line of Farm No. 8 and Farm No. 9 of the Marathon colony strikes said Southerly bank of said Prince George Creek, thence in a southerly direction along the dividing line of Farm No. 8 and Farm No. 9 and at right angles to Marathon avenue to the northerly line of Marathon avenue and thence eastwardly along said northerly line of Marathon avenue eight hundred and thirty (830) feet to the point or place of beginning, the same being a part of Farm No. 6 and all of Farms Nos. 7 and 8 of the Marathon Colony as shown on the official map made by C. R. Humphreys in the year 1905 and containing 23 1-3 acres more or less, saving and excepting from the above description the old grave yard located on Farm No. 8 as shown on said map, subject to the conditions, limitations and restrictions set forth in deed to William Gregerson, recorded in book 72 at page 597 of the records of Register of Deeds of New Hanover County aforesaid.

MAY BE REDUCTION IN FOREIGN LOAN

Probably it Will Not be Over $150,000,000.

IS BELIEVED SUFFICIENT

It is Felt Half Billion Loan is More Than is Necessary to Restore Foreign Moneys to Normal —Will U. S. Approve?

New York, Aug. 18.—A reduction in the proposed foreign loan to be floated here, from the half billion dollars first suggested to $100,000,000 or $150,000,000, seemed probable tonight as the result of all-day conferences of international financiers here and by cable between this city and London.

While it generally was thought this amount would be utterly inadequate to meet the volume of bills coming due rapidly against foreign buyers of American supplies, it was felt it would be sufficient to restore to normal value the foreign moneys now at low levels of depreciation.

The chief reason for the contemplated reduction was understood to be the belief that a large loan, such as was first projected, could not be readily placed here.

Wires to England vibrated all day with proposals and suggestions between bankers to whom the depression in exchange markets has been a source of deep apprehension.

At the close of the day negotiations had not assumed concrete form.

"The situation has not yet crystalized," was the way one banker expressed it.

A loan of $150,000,000, it was pointed out, would, on th eordinary basis of 4 to 1, secure a credit of $600,000,000 in this country. According to reports collateral was to consist partly of American securities ,partly of British external notes, and partly other collateral of a character not yet determined.

Reasons for the radical reduction in the amount caused much speculation. Wall Street heard that a canvass made by the syndicate considering the loan had shown no widespread demand for foreign securities of the character. Besides it was thought the international bankers who propose to finance the loan would not hazard its failure by making the amount too large.

As to current rumors, originating in London, that a large amount of gold could be sent to the United States to help pay off foreign indebtedness, financiers asserted almost unanimously that they would deplore the arrival of a great quantity of gold in this market soon. The present supply, they said, is unprecedented; in fact, more than sufficient to meet any emergency in the domestic financial situation. To draw more gold from foreign countries, it was said, would serve no good purpose here, but would tend to wreak injury abroad by weakening foreign reserves already low.

Will Washington Approve?

Whether Washington would disapprove the underwriting by American bankers of a large loan to Great Britain or her allies occasioned some speculation. Careful study of the situation, however, led bankers to believe that inasmuch as the entire loan, if issued, would be used to pay for supplies purchased in America, there would be no opposition to the project by the administration.

It was learned that J. P. Morgan & Co. had virtually concluded arrangements for the sale of the 135,000,000 francs of Pennsylvania 3 3-4 per cent. bonds which formed the major part of the $43,000,000 loan recently made by the French government through the Paris house of Rothschilds.

There were indications, however, that negotiations now pending between Morgan & Co. and Paris would result in another loan, probably of larger amount than this one.

No Further Weakness.

Notwithstanding the unsettled situation, there was no further weakness in exchange markets today. On the contrary there was a slight improvement. Rates on London and Paris, particularly the latter, hardened materially although much of the improvement in remittances to London was forfeited late in the day on renewed offerings of bills.

The course of exchange on London again demonstrated that much of the recent decline in sterling resulted from speculation rather than legitimate business. In the parlance of the street, there has been much short selling of exchange on London for many weeks and covering of contracts has followed.

Some interests, it was commonly reported, had waited too long to do this, to their sorrow.

Sterling opened a cent to a cent and a half above yesterday's low record, went a cent higher still or thereabouts, at midday but sold off at the close of the market and lost a great part of its gain. Francs were quoted at 5.98, 7 cents better than yesterday's low.

Lires and other contingent exchange were relatively steady on nominal trading.

GERMANY TESTING THE MONROE DOCTRINE.

In July, 1914, Germany made a proposition for customs control in Haiti. The note from the German embassy pointed out that, even though the American Government believes it is unadvisable to have interested European powers participate in the control of Haitien customs, nevertheless the Imperial Government must give heed to public opinion in Germany. The German note went so far as to state that the simplest solution of the difficulty would be to include Germany, and that Germany would not understand any other arrangement.

Emphatically the State Department defined its position in regard to this extraordinary German document. In the most unequivocal terms it stated that its policy was not subject to any variation; that neither foreign mercantile interests nor any other interests proceeding from outside of the American hemisphere could be so extended as even to constitute a joint control in whole or in part of the government, or American State.—The World's Work.

You can send a telegram to a man if you know his address—but you can send your message to him in a Want Ad. even if you know neither his name nor address, and be practically certain that it will reach him.

OVER 100 PERSONS DEAD $30,000,000 IN TEXAS

(Continued from Page One.)

ever. In Virginia Point more than a score are dead; at Texas City, 18, 12 of whom were soldiers, are reported as drowned, and seven at Laporte and three at Lynchburg.

In Houston two persons were killed and the property damage was estimated at $2,000,000. Texas City, across the bay from Galveston, sustained damage amounting to $400,000, divided among citizens, the authorities and the second division of the United States army, whose camp was destroyed. Approximately 150 buildings were destroyed at Texas City, but most of these were cottages. No word has been received tonight from Fort Boliver, directly across the narrowest part of the bay from Galveston, since Monday night, and reported to have been entirely under water.

Flake, Patton, Caplen and Roll Over, also, are Boliver peninsula towns, from which no word has been brought since Monday. All these were subjected to the storm at its worst.

In the Benunont section, Port Arthur, Sabine, Sabine Pass and Round Lake were deluged, and are reported to have been heavy losers.

TWO DEAD AT HOUSTON

Loss of Property Placed at $2,000,000 —Summer Resorts Suffer.

Houston, Texas, (via Bremond, Texas), Aug. 18.—Two persons dead and property damage estimated at $2,000,000 was the toll of the hurricane which swept this city early Tuesday and which cut off wire communication. The dead are E. W. Hans, a carpenter, and an unidentified negro.

The storm abated this morning.

Meager reports received today from a number of Texas towns along the gulf coast indicate heavy property damage.

At Texas City 18 persons, ten of whom were soldiers, were drowned, according to an estimate by Major General J. Franklin Bell. The property loss at Texas City was estimated at $400,000. Approximately 150 buildings, the majority dwelling houses, were destroyed. At the height of the storm Texas City was covered with six feet of water.

Eight bodies of women presumably from Galveston, floated ashore at Texas City yesterday.

Some loss of life occurred in the summer resorts surrounding Houston. John Mueller and Joe Berger, of Houston, lost their lives near Morgan's Point. Two men also were drowned near there.

At Bay Ridge, the unidentified bodies of a man and woman were washed ashore. E. M. Patrick, of Houston, was drowned at the same point.

Frank Mills, the bridge tender at Seabrook, and a negro were drowned at Seabrook.

Heavy Loss to Cotton.

Heavy loss to cotton is reported and numbers of bales of cotton are floating in the receding waters between Houston and the Galveston causeway.

Port Arthur was under six feet of water Tuesday night but only three deaths had occurred ,and citizens were being removed from the second stories of houses by relief boats from Beaumont.

No word has been received since early Monday afternoon from Sabine, Sabine Pass, Roll Over, Port Boliver and Caplen, all resorts in the vicinity of Beaumont and all under water.

Many brave feats were performed by soldiers of the United States army at Texas City. Sergeant Petty swam nearly a mile carrying a two months old baby. After landing the baby safely, he returned and brought in the mother and another older child.

FOURTEEN DEAD AT GALVESTON

Five Hundred Houses Crushed—Part of Sea Wall Washed Away.

Galveston, Texas, Aug .18 (by Courier to Houston and Railroad Wire to Dallas).—Fourteen lives were lost in Galveston in the terrific storm which swept the city Monday and Tuesday. Four of the dead were United States soldiers.

Stormswept and battered, the city began today to take stock of damage and plan rehabilitation. Five hundred houses have been crushed and the entire island on which the city stands is covered with debris.

The protection of the sea wall built after the first Galveston disaster is believed to have accounted for the small loss of life.

Thousands Quartered in Hotel.

The fourteen lost their lives in an attempt to reach the Tremont Hotel during the height of the storm. Several thousand persons were quartered in that hotel.

One thousand feet of the sea wall has been washed out, one breach of 25 feet being directly in front of the Galveston Hotel. It was through this break that most of the resident section of the city was flooded.

Three fires raged Monday night and the fire loss has been great. Three bath houses and four hundred residences on the bay front were crushed and the wreckage is floating in the bay. The water made a clean sweep along the boulevard.

The storm reached its height at 3 o'clock Tuesday morning when its velocity was 92 miles an hour.

The greatest need here today is drinking water.

GREAT DAMAGE TO COTTON.

Loss Will Run Into Millions of Dollars in Central Texas.

Austin, Texas, Aug. 18.—Damage which will run into millions of dollars has been done to the cotton crop in Texas by the storms of Monday and Tuesday. It is estimated that 50 per cent of all the cotton in this section was open and that from one-fourth to one-half of the open cotton was lost.

DEAD REMAINS AT FOUR.

No Increase in Loss of Life at Port Arthur Reported at Late Hour.

Beaumont, Texas, Aug. 18.—The death list at Port Arthur remained at four late tonight. From High Island, Roll Over and Caplen no reports of loss of life had been received. Persons who remained at Port Boliver were found today to be safe.

Three persons are reported drowned in the Sabine-Neches canal. More than 200 persons who remained at Sabine and Sabine Pass after having been warned of the approach of the hurricane, were found to be safe.

STEAMER BELIEVED IN DANGER.

Fears Felt for the Marowijne, Which Was in Path of Hurricane.

New Orleans, Aug. 18.—Fear for the safety of the American steamship Marowijne, of the United Fruit Company's line, was expressed here late tonight. The Marowijne with a large passenger list left Belize, Honduras, at 1 A. M. Friday morning and should have arrived in New Orleans at 6 P. M. Monday. The Marowijne is believed to have been directly in the path of the tropical hurricane which swept through the Yucatan channel Sunday.

United Fruit officials said tonight the vessel might have been disabled and that if such is the case she may be drifting up the Mexican coast. All efforts to reach her by wireless have been unsuccessful.

RAILROAD UNDER WATER.

Seven Are Reported to Have Lost Their Lives at Hitchcock, Tex.

Temple, Texas, Aug. 18.—Seven persons were drowned at Hitchcock, Texas, a small town just north of Galveston, it was announced at Atchison, Topeka & Santa Fe Railway division headquarters here today. The water is standing three feet over the railroad tracks at Hitchcock and the entire vicinity is a vast inland sea.

Wire communication over the railway line was established with Hitchcock this morning.

PLACES LOSS AT $3,000,000.

Capt. Dujay Thinks Damage in Galveston Will Not Exceed That Amount.

Houston, Texas, Aug. 18.—The property loss at Galveston will not exceed $3,000,000, according to Captain D. E. Dujay, of the tug Gertrude under government charter which arrived here late today direct from Galveston.

He placed the death list at 14. The tug left Galveston at 8 o'clock this morning.

Captain Dujay said many of the smaller houses in the east and west end of Galveston were demolished.

About 300 large and small craft of all descriptions, including big steamers, schooners, dredges, barges and launches were in the harbor when the storm struck Galveston, he said.

Practically all the small vessels were wrecked, beached or damaged and many of the larger vessels also.

City Under Military Rule.

Mayor Lewis Fisher placed the city under military rule at 9 o'clock Monday night because looting had started, mostly by negroes. Regiments of the United States army are patrolling the city.

Passengers on the Gertrude said it was reported 20 negroes, caught looting stores, were shot and killed by soldiers Monday night, but this could not be confirmed.

Fire broke out in the Armour Packing plant Tuesday and the establishment was destroyed. Fire also destroyed Pier No. 21, a large cotton warehouse and when the Gertrude left, another fire was raging in a printing house on Mechanics and 24th street. City water, gas and electric power plants were shut off while repairs were being made in damaged buildings and stores.

An Austrian steamer rescued 90 men, women and children from Port Boliver just before the storm's fury broke.

Water Higher Than in 1900.

The water, it was said, was higher in the streets than in 1900, being six to eight feet in the business section. Most of the big hotels, warehouses and elevators on the seawall front escaped serious damage, but stocks of merchandise were watersoaked.

While no appeal for aid was issued, Mayor Fisher issued a statement that Galveston needed flour, fresh meat, other foodstuffs and fresh water.

The only communication with Galveston tonight is by boat and it is believed several days will elapse before wire communication is restored.

Houston is recovering from the damage.

All along the ship canal between here and Galveston wreckage of all kinds is seen. Plans are being made to send food and water from here to Galveston.

NORTH CAROLINIAN AMONG DEAD.

Thos. A. Watson, of Carthage, Killed at Texas City, Texas.

(Special Star Telegram.)

Washington, D. C., Aug. 18. — According to advices received at the War Department today, one of the ten enlisted men of the regular army who lost their lives at Texas City, Texas, in the terrific tropical hurricane which swept the Gulf coast and is still raging, was Thomas A. Watson, of Carthage, N. C., a private in the 23rd infantry.

AMERICAN SCHOONER WRECKED.

Captain and Two of Crew of Lyda M. Deering Lost in Storm.

Mobile, Ala., Aug. 18.—Captain Murphy and two of the crew of the American schooner Lyda M. Deering were lost when the vessel was wrecked in the gulf storm several miles south of Mobile, according to information received today by the underwriters here. The rest of the crew were rescued and are being taken to New Orleans.

The Lyda M. Deering, owned in New England, was bound from Sabine, Texas, for Boston.

The American schooner Lizzie E. Dennison, which left Progreso, Mexico, August 9, reached here today with part of her rigging gone and otherwise badly damaged.

DAMAGED SCHOONER RESCUED.

Revenue Cutter Tows M. A. Achorn Into Key West Port.

Key West, Fla., Aug. 18.—The American schooner M. A. Achorn, of Mobile, waterlogged and with both masts and boats blown away, was towed into this port today by the revenue cutter Miami. The Achorn's crew was taken off in latitude 24.52, longitude 84.08, after the recent tropical storm, by a tramp steamer ,according to a wireless report from the American steamer Concho.

BELIEVED CREW DROWNED.

When Government Dredge Sank—Part of Another Crew Thought Lost.

Houston, Texas, August 18. — Twenty-five members of the government dredge San Bernardino, which sank in the intercoastal canal below Galveston during the hurricane, are believed to have been drowned. The government dredge Sam Houston went aground near Galveston, and some of her crew of 56 are reported lost.

AT LEAST TEN DROWNED.

Storm Demolishes Ever yHouse in the Town of Patton.

Beaumont, Texas, Aug. 18.—At least ten persons at Patton, on the Santa Fe railroad, 26 miles below High Island, were drowned Monday night when the storm demolished every house in the town, according to persons arriving here tonight from that place. Those who lost their lives included members of a family named Broom. The elder Broom, his wife, two or three children, one of them a married son with his wife and two children, one other white man and two negroes were drowned Monday about midnight when they attempted to reach high ground a mile below Patton.

New York, Aug. 18.—John H. Ganzel signed today to manage the Brooklyn Federals.

Follow the crowd of wrestling fans to Woolvin Hall tonight.

PARDONS GRANTED TO THREE ROAD CONVICTS

(Continued From Page One.)

sylvania, to assume charge o fthe work here, the synagogue being known as Temple Bethel. He assumes his new duties September 1 and comes from B'Nae Israel, of McKeesport, Pa., is a graduate of Columbia University and was prepared for his work as rabbi in the Jewish Theological Seminary of America. He spent three days here the past week.

It is now up to the Corporation Commission to decree just what apportionment of the taxes assessed against the Southern Power Company, on its power plant in the building on the Catawba river between Iredell and Catawba counties shall go to each of three counties laying claim to portions of the tax revenue—Catawba, Iredell and Alexander. The commission devoted the forenoon today to hearing the respective claims of these counties and the whole matter of the apportionment the commission. Appearing before the commission were A. A. Whitner, of Hickory, for Catawba; L. C. Caldwell, for Iredell; Hayden Burke for Alexander, and N. A. Cocke for the Southern Power Company.

Speaking for Catawba county, Mr. Whitner told the commission that his county was willing for the tax to be divided equally between Iredell and Catawba. If there was to be any other basis of division he insisted for his people that if the thread of the Catawba river is followed, this being the statutory dividing line between Catawba and Iredell, then he must insist on his county being credited with two-thirds of the distance across the dam and its bonded backwater. However, most of the power plant machinery is on the Iredell side of the stream. He complained that in the assessment of the dam, the assessors valued it for taxation at $100,000, when $300,000 had really been expended. He hinted that the machinery on the Iredell side had been assessed at much nearer its actual cost. All in all he felt that an equal division so far as the interests of Catawba and Iredell are concerned, would be generally satisfactory. The interest of Alexander county enters on the basis of a small portion of the back water from the impoundment of the water.

JONES IS EXONERATED

Elliott Woman, Arrested at Baltimore, Detracts Statement.

Baltimore, Aug. 18.—Edgar Jones, held on suspicion of being the New York "ripper" murderer, accused by Grace Elliott with whom he had been living, has been exonerated of all suspicion. The woman today retracted her statement.

A New York detective, who came here to investigate, sai dtoday that Jones was not the "ripper."

New York, Aug. 18.—Gunboat Smith outfought Jack Hemple, of San Francisco in seven of the ten rounds in their bout here tonight. Hemple had the first and third rounds, the ninth being even. Smith weighed 182; Hemple 184.

Fritz Hansen wrestles Zeke Smith tonight at Woolvin Hall.

240,000 PERSONS IN WILMINGTON

Would make the city one of the largest in the South. That is the total number of passengers carried on the elevators of the new Murchison Building since the building opened about a year ago. These elevators have, in that time, traveled a distance of 15,200 miles. They have made 488,000 round trips to the 10th floor. An average of 750 persons pass through this building every business day in the year. These facts mean service to the tenant. It means that if your office was in this building, your name on your door and on the building directory would be seen by these 750 persons. Before you begin another renting year in your present quarters, find out for yourself the advantages to be enjoyed in this modern office building. The reasonable rents make it possible for any individual or firm to consider taking space in the Murchison Building. Rents $12.60 and up. Our Renting Agent in Room No. 316 will give you further information.

Mr. Office Renter

Is your office hot in summer and cold in winter? If so, why not reverse the situation? Get an office in the new Murchison Building; high up; where the breezes blow all the time and where there is plenty of steam heat in the winter. Quick elevator service day and night. Efficient janitor service. Have your office and records in a fire-proof building. Everything included in rents as low as $12.00 monthly. Start the new renting year right. Before you enter another renting year in your present quarters, let our Renting Agent in Room No. 316 show what we have to offer. Do not wait another year; it will probably be too late then; as we expect the building to be filled during the coming year.

Murchison Bank Building

$325 LESS THAN LAST YEAR

This 1916 Overland is essentially the same as our 1915 Overland—the famous Model 80 that sold for $1,075. It is the largest four cylinder Overland that will be produced this season. Demonstrations at our garage now. We're delivering them as fast as we can get them. Ask for specifications and literature.
